

STONNINGTON PLANNING SCHEME

AMENDMENT C320STON

EXPLANATORY REPORT

Who is the planning authority?

This amendment has been prepared by the City of Stonnington, who is the planning authority for this amendment.

Land affected by the amendment

The amendment applies to various places within the study area (generally the suburbs of Toorak, Kooyong and Armadale) of the *Toorak and Kooyong Heritage Review (2022)* and the *Armadale Heritage Review (2022)*, as shown in Figure 1 and 2 below.

A mapping reference table is included at Attachment A to this Explanatory Report and lists the places affected by the amendment including the address and location of each place. The land affected is also shown on the planning scheme maps forming part of this amendment.

Figure 1: Toorak and Kooyong Heritage Review Study Area

Figure 2: Armadale Heritage Review Study Area

What the amendment does

The Amendment proposes to amend the Stonnington Planning Scheme to implement the findings of the Toorak, Kooyong and Armadale Heritage Reviews. The amendment will:

- Apply the Heritage Overlay to twenty-one (21) new individually significant places, one (1) serial listing, nine (9) new heritage precincts and extensions to two (2) existing heritage precincts.
- Make changes to a number of existing precincts. Specifically, the removal of places, changing of gradings, addition of Heritage Overlay controls, names and addresses where considered necessary.
- Make changes to a number of existing individual places. Specifically, the addition and revision of Heritage Overlay controls, names and addresses where considered necessary.
- Produce citations for twenty-one (21) new individually significant places, one (1) serial listing, nine (9) new heritage precincts and update citations for fifty-one (51) existing individual places and eleven (11) existing precincts.
- Remove the Neighbourhood Character Overlay (NCO) from places on Bailey Avenue and Valentine Grove, Armadale.
- Rectify anomalies with the mapping of the existing Heritage Overlay.
- Amend Planning Scheme Maps 1HO, 2HO, 3HO, 5HO, 6HO and 5NCO to include all new and updated places.
- Amend Clause 22.04 (Heritage Policy) to include Heritage Review Reports under Reference Documents.

- Amend Clause 43.01 (Schedule to Heritage Overlay) to include all new places and modify others as necessary to align with recommendations of the study.
- Amend Clause 72.04 (Schedule to Documents Incorporated in this Planning Scheme) to include new incorporated documents for all new and reviewed places.

Interim heritage controls (via Amendment C319ston) were sought concurrently with permanent heritage controls (via Amendment C320ston) for all sites in a 'blanket' manner while the Planning Scheme Amendment is under consideration. This is consistent with current preferred interim protection practices outlined by the Minister for Planning.

Strategic assessment of the amendment

Why is the amendment required?

Extent Heritage Pty Ltd (Extent Heritage) was commissioned by the City of Stonnington to prepare a Heritage Review of the suburbs of Toorak, Kooyong and Armadale. The Heritage Reviews were split into two parts; a review of existing individual places and precincts on the Heritage Overlay, and a heritage gap study of potential new places and precincts, resulting in the *Toorak and Kooyong Heritage Review (2022)* and the *Armadale Heritage Review (2022)*.

The amendment is required to provide permanent heritage protection to places identified in the *Toorak and Kooyong Heritage Review (year)* and the *Armadale Heritage Review (year?)* to ensure their heritage values are recognised and protected. The introduction of heritage controls will ensure that the potential impact of new development on the heritage value of these places is considered as part of development applications and that best planning outcomes are achieved. The amendment also incorporates new statements of significance to the planning scheme and rectifies mapping and property address anomalies.

The amendment is also required to update existing heritage protection for a number of places already within the Heritage Overlay. The review of older or outdated citations ensures that citations and statements of significance meet current form and content requirements set out in PPN1 – Applying the Heritage Overlay and that the heritage value of these places is properly considered as part of development applications.

How does the Amendment implement the objectives of planning in Victoria?

The amendment is consistent with the objectives of planning in Victoria, in particular the following objectives under Section 4 of the *Planning and Environment Act 1987* (the Act), being:

- 4(1)(d) - *to conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value.*
- 4(1)(g) – *to balance the present and future interests of all Victorians.*

The amendment will meet these objectives by ensuring that properties and precincts deemed to have heritage value are protected.

How does the amendment address any environmental, social and economic effects?

Environmental

It is widely understood that the conservation of heritage buildings has environmental sustainability benefits. Reduction in energy usage associated with demolition, and minimising waste disposal from demolition and new construction to landfill is achieved through the conservation of heritage buildings. Retaining and adapting heritage buildings promotes sustainable development by conserving the embodied energy in the existing buildings.

Social

Heritage buildings and places engender a sense of place and connection in communities. The recognition of buildings, streetscapes and precincts contributes to an understanding of Stonnington's cultural heritage for present and future generations. The protection of these heritage places will ensure that the unique character, appeal and interest of the Toorak, Kooyong and Armadale area is retained for the benefit of locals and visitors.

Economic

The retention of heritage fabric will bring economic benefit as it strengthens the attractiveness of the area and encourages people to want to visit, work and spend time and money in Stonnington. The retention of heritage places can boost the competitiveness of the municipality's interstate and inter-regional tourist offering. By retaining heritage stock, the Overlay may also assist in skills formation in respect to conservation.

The amendment is expected to have further economic effects by increasing certainty, facilitating decision making and minimising time delays, particularly given it confirms the heritage status of places identified in previous heritage studies.

Does the amendment address relevant bushfire risk?

The City of Stonnington is not in a designated bushfire prone area and therefore bushfire risk is not a relevant consideration.

Does the amendment comply with the requirements of any Minister's Direction applicable to the amendment?

The amendment is consistent with the Ministerial Direction on the Form and Content of Planning Schemes under section 7(5) of the Act.

The amendment is consistent with Ministerial Direction No. 9 - Metropolitan Planning Strategy, which requires amendments to have regard to Plan Melbourne. The application will not affect the implementation of the Metropolitan Strategy.

The amendment is consistent with Direction 4.4 of Plan Melbourne: Respect Melbourne's Heritage as we build for the future.

The amendment is consistent with Ministerial Direction 11 – Strategic Assessment of Amendments.

How does the amendment support or implement the Planning Policy Framework and any adopted State policy?

The amendment supports the State Planning Policy Framework as follows:

- Clause 15.03-1S: Heritage Conservation
Objective - To ensure the conservation of places of heritage significance.
- Clause 15.01-1R: Urban Design
Objective - To create a distinctive and liveable city with quality design and amenity.

How does the amendment support or implement the Local Planning Policy Framework, and specifically the Municipal Strategic Statement?

The Municipal Strategic Statement acknowledges the importance of heritage protection as a significant contributor to preserving Stonnington's character. Pursuant to Clause 21.06-10 – Built Environment and Heritage, a key objective is:

To protect and enhance all places which are significant and contributory to the heritage values of the City of Stonnington.

In addition, the amendment also supports Heritage Policy (Clause 22.04) including the following objective:

To retain all significant and contributory heritage places.

Amendment C320ston implements the objectives and strategies of both Stonnington's Municipal Strategic Statement and Local Planning Policy Framework by ensuring the properties that contribute to the heritage significance of the municipality are included in the Heritage Overlay on a permanent basis.

Does the amendment make proper use of the Victoria Planning Provisions?

The proposed amendment makes proper use of the Victoria Planning Provisions. The Heritage Overlay is the appropriate tool to protect places of heritage significance. The amendment makes

proper use of incorporated documents to clearly outline the heritage significance of places affected by the amendment.

How does the amendment address the views of any relevant agency?

Council will engage with relevant agencies and affected property owners during the public exhibition phase of the amendment.

Does the amendment address relevant requirements of the Transport Integration Act 2010?

The amendment is unlikely to have any impact on the transport system as defined by Section 3 of the *Transport Integration Act 2010*.

Resource and administrative costs

The inclusion of places in the Heritage Overlay may contribute to a minor increase in the number of planning permit applications on an annual basis. This increase can be accommodated with existing resources.

Any increase will be off-set by a reduction in the need for individual responses to the possible demolition of places which are not currently included within the Schedule to the Heritage Overlay.

Where you may inspect this amendment

The amendment can be inspected:

- at the Department of Environment, Land, Water and Planning website at www.planning.vic.gov.au/public-inspection
- at the City of Stonnington website at <https://www.stonnington.vic.gov.au/C320ston>

Submissions

Any person who may be affected by the amendment may make a submission to the planning authority. Submissions must be received **by Sunday 19 March 2023**.

A submission must be sent to:

Email: strategicplanning@stonnington.vic.gov.au

Mail: PO Box 58, Malvern, Victoria 3144

Panel hearing dates

In accordance with clause 4(2) of Ministerial Direction No.15 the following panel hearing dates have been set for this amendment:

- Directions hearing: Week commencing 28 June 2023
- Panel hearing: Week commencing 24 July 2023
