Mayor and CEO's Introduction

Mayoral Introduction

I am pleased to present the City of Stonnington's draft Budget for 2023-24.

While the development of this year's budget was a challenging process, its primary objective is to ensure the Council secures long-term financial stability. It seeks to achieve this objective by preserving assets and services, accommodating growth, fulfilling our priorities, and above all, enabling a reset and recovery.

The financial outlook for 2023-24 remains stable, however the longer-term impact of COVID on our operations still requires active response. Our other revenue streams have been slow to normalise, and we face additional pressure as the rates cap is outpaced by increasing costs.

This has meant Council has had to strategically rethink strategies for generating cost savings and improving revenue streams. Our approach is to focus on increasing efficiency without compromising the quality of services provided to residents, reducing waste, improving utilisation of Council facilities and exploring new revenue streams or new service offerings. We recognise Council's proposed financial direction for future years may require changes as we continue to proactively respond to external factors that impact on Council at any point.

A financial surplus of \$18.37 million is a key objective for Council. A sound financial base is necessary to continue to deliver valued services to the community and support funding of \$64.11 million in new infrastructure projects. Through prudent management, Council is fortunate to be in a surplus position and will continue to build on our strong capital investment this **Council Plan period 2021-2025** to ensure that Stonnington is:

- a thriving and unique place
- an inclusive and healthy community
- a people centred and future ready city.

We have made significant progress to re-invigorate existing facilities, precincts and maintain our assets, as well as develop new community sporting facilities as a legacy for our Community to use and enjoy. Council is very pleased to announce our new indoor netball and basketball stadium at Percy Treyvaud Memorial Park in Malvern East will open in 2023-24. There are also a number of other major infrastructure projects that will be completed in 2023-24, which will greatly improve the amenity of living. Council is also committed to the continued uplift of our technology to enable a strengthened customer experience and an ability to automate and streamline internal Council processes.

Highlights of the draft Budget include:

- the completion of community sporting facilities at the Percy Treyvaud Memorial Park in Malvern East, including four new indoor netball and basketball courts (\$7.66 million)
- expansion of our open space footprint by acquiring land (\$7.00 million) and conversion of an existing road at Vista Grove into open space (\$0.50 million and \$0.24 million carryover)
- stage one facility upgrades at East Malvern Tennis Club (\$0.40 million)
- asset improvement works to re-activate the Prahran Town Hall (\$0.64 million and \$0.41 million carryover)
- delivering on a new vision for Toorak Village streetscape improvements (\$4.50 million)
- the completion of redeveloped facilities at Toorak Park in Armadale (\$9.06 million and \$1.40 million carryover) and Princes Gardens in Prahran (\$2.60 million and \$3.07 million carryover), including skate park and basketball court improvements
- progressing stage one of investment into the renewal of our iconic Prahran Market building (\$4.00 million and \$1.18 million carryover)

- uplifting our technology so it's easier for people to interact with Council (\$15.00 million and \$0.55 million carryover) and strengthening our cyber security to keep our information safe (\$2.80 million)
- continued implementation of our Climate Emergency Action Plan to reduce Council and community emissions (thirteen activities totalling \$1.96 million)
- continued investment in core infrastructure such as roads, footpaths, bridges and drainage works (\$9.13 million and \$0.85 million carry-over)
- refurbishments works at the Prahran Aquatic Centre (\$0.70 million and \$1.00 million carryover)
- continued masterplan development for the Chapel Street Precinct to position the area for the future (\$1.00 million and \$1.40 million carryover)
- introducing a Place Led Economic Development Strategy to refresh our shopping precincts in direct response to local feedback (\$0.40 million)
- continued improvements to the open space of Gardiners Creek (KooyongKoot), which is our major waterway and comprises more than 40% of our open space in Stonnington (\$0.50 million and \$0.78 million carryover)

To achieve this level of capital works investment in 2023-24, Council has sought several funding sources other than rates, including borrowings, grant funding and transfers from internal reserves. New borrowings are proposed in 2023-24 of \$6.00 million with \$8.50 million of approved borrowings to carry over from 2022-23. Continued prudent leadership will ensure that the parameters set for Council to operate within, will maintain acceptable financial outcomes over the short, medium and long term.

This draft Budget 2023-24 is shaped by your feedback. On 19 October 2022 to 5 December 2022 we invited our community to take part in a budget simulation program that empowered people to help prioritise spending across our operational and capital initiatives. This helped to increase engagement at the early stage of the budget preparation, with hundreds of submissions providing insight from people across Stonnington. We also seized the opportunity to organise several budget pop-up sessions throughout the City, offering additional opportunities for engagement with our community.

It also takes insight from feedback across other engagement projects that have helped to shape our projects, strategies and initiatives, including nine months of in-depth conversations with our community that informed our **Council Plan for 2021-25**.

What's next?

We have put in a lot of effort to create a draft Budget that meets the expectations of our community, prioritises financial and environmental sustainability, and includes investments in technology aimed at simplifying interactions with us.

Now, we want to hear from you. Review the draft Budget and let us know what you think at our online engagement platform Connect Stonnington or by email: finance@stonnington.vic.gov.au before 23 May.

Your Councillors look forward to hearing what you have to say.

Cr Jami Klisaris
Mayor

Executive Summary

Responding to our community

This Budget is shaped by a formal community engagement process as well as continuous community involvement and input. It also references the engagement and feedback gained from the process in place for the development of the Council plans, strategies and initiatives - including nine months of conversations with our community that led to our Council Plan.

Through two stages of the budget consultation process, there was significant community feedback within areas of parks and open space, roads and drainage, streetscapes and amenity, community services and facilities, active transport and waste services.

Management has made a conscious effort to prioritise spending in areas that have been highlighted as important by our community while at the same time taking measures to deliver a sustainable budget in a challenging financial environment.

Expenditure allocations in some infrastructure renewal programs will therefore receive lower funding than the previous year's however this will not impact essential infrastructure such as roads and footpaths that will continue to be maintained at the expected standards. Furthermore, there is a commitment to increase spending within asset renewal areas in the coming years as our funding capacity improves.

This year's budget includes:

- significant investment to improve our streetscapes including Toorak Village streetscape improvements for 2023-24 and further masterplan development for Chapel Street
- continued investment in core infrastructure such as roads, footpaths, bridges and drainage works
- a service performance program to ensure our services are relevant, financially sustainable and can meet future community needs
- open space acquisition and planning to identify new opportunities and ensure we're getting the most from our existing open space
- a program of works to review and better activate our community facilities and spaces
- planning for the future of sustainable transport options in Stonnington
- finalisation of the garbage and recycling bin lid changeover project and facilitation of improved waste education.

Fiscal Sustainability

Addressing our financial challenges

We are constrained within the parameters of the rate cap, which is 3.5 per cent for 2023-24. This is particularly challenging this year as other sources of revenue have come under pressure and the costs of critical services and construction projects have increased beyond 3.5 per cent. Additionally, it is imperative that we retain our investment in aging infrastructure, and climate change in order to accommodate growth, which has consequently increased our reliance on borrowings in the short term.

By maintaining a surplus, we will be able to fund critical capital works programs that not only provide essential community infrastructure but also promote economic growth within our local area. The 2023-24 budget has been designed to achieve a surplus of \$18.37 million, which includes \$14.50 million of new borrowings, to ensure that we remain flexible and responsive to emerging needs.

Through prudent financial management, City of Stonnington is fortunate to still be in a surplus position. We plan to manage the impact of rates capping and continue to invest in our City by focusing on the following strategic levers:

1. *Delivering efficiency and cost saving:*

Key initiatives to deliver these savings include a service review program to better define service requirements and target support, a commitment to better-practice procurement and asset management, the sale of surplus properties and investment in business process and system improvement.

2. Appropriate use of borrowings and reserves:

Borrowings will be used for large capital works projects and will not be used to fund ongoing operations. We will continue to use open space contributions for investment in acquisition of new open space and the creation of open space. The future fund reserve will be built back over time and is considered more efficient than the use of debt. Continued prudent leadership will ensure that the parameters set for Council to operate within, will maintain acceptable financial outcomes over the short, medium and long term.

3. Careful management and prioritisation of expenditure

We undertake a rigorous and robust budget setting process each year, including a line-by-line review of operating budgets and proposed projects to ensure alignment with strategic priorities and best value. Performance is monitored closely throughout the year with forecasts updated monthly.

4. Setting fair and appropriate user charges

As part of the annual budget process, we conduct a comprehensive review of user fees and charges to ensure that they continue to be reasonable, equitable and suitable. An increase from the previous year of 4.0 per cent has been applied to the 2023-24 fees and charges listing, this has translated to an average increase of 5.2 per cent including new fees and rounding. We believe individuals who directly benefit from, or bear responsibility for expenditure, should contribute proportionately to the service, taking into account people's ability to pay. This includes benchmarking with surrounding municipalities and relevant industries.

A change in accounting standard has put pressure on our underlying surplus

The Digital Transformation Program has been initiated to ensure that Council is addressing its technology challenges and building on opportunities to achieve Council's strategic direction as a people-centred and future ready city.

As part of this program, Council has been exploring the options for updating systems and improving our cyber security including the use of Software-as-a-Service platforms.

In 2022, a clarification was released for the application of IAS38 Intangible Assets - Configuration or Customisation Costs in a Cloud Computing Arrangement, which has impacted Council's result. The clarification reflected arrangements in respect of a specific part of cloud technology, Software-as-a-Service (SaaS), and how they should be accounted for, and deals with specific circumstances in relation to configuration and customisation costs incurred in implementing SaaS. Council has reflected this change in accounting policy in respect of customisation and configuration costs incurred in implementing SaaS arrangements and in applying this accounting policy.

SaaS application will impact the adjusted underlying surplus position in 2023-24 by \$8.50 million and will also impact on 2024-25 as the Digital Transformation Project is realised.

(\$'000)	Actual 2019/20	Actual 2020/21	Actual 2021/22	Forecast 2022/23	Budget 2023/24	Budget 2024/25	Budget 2025/26
Underlying result pre-SaaS	12,353	5,183	5,883	9,225	10,623	11,293	15,876
SaaS impact	-	-	8,220	5,454	8,500	8,000	-
Underlying result post-SaaS	12,353	5,183	(2,337)	3,771	2,123	3,293	15,876

How we stack up

Compared to similar neighboring Council areas – the City of Stonnington already has low rates.

This Budget includes a rate rise of 3.5 per cent, which has been determined by the Victorian Government through its rate capping program. The average 3.5 per cent increase per household will be \$59.14 per annum or \$1.14 per week.

The City of Stonnington has moved from biennial to annual valuations in line with State Government changes introduced from 1 July 2018. The valuation function is now centralised with the Valuer-General of Victoria. Valuation figures used in this 2022-23 Budget report are final certified valuations provided by the Valuer-General's office.

It should be noted that since the introduction of rate capping, it is important for residents to understand that these two matters are quite independent of each other. The rate cap is applied to the total rates that a Council can raise and not to individual properties. A resident's rate bill may vary by more or less than the rate cap due to the relative property valuation and other charges not subject to the rate cap (for example, the waste charge). This means that ratepayers will experience changes to their rates that vary from the standard increase of 3.5 per cent (both higher and lower). In practice, the total Council rates collected will increase by 3.5 per cent while individual property movements may vary greatly.

The following table highlights that Stonnington will continue to have one of the lowest rates charges per property value in Victoria, while enabling new capital works projects and maintaining services to support our community.

Increase of Waste Levy

The 2023-24 Budget proposes an increase of 3.3 per cent in the default annual waste charge (inclusive of the State Government landfill levy), which is linked directly to the cost of providing the waste services and priced on a cost recovery basis.

Victorian Government costs related to sending waste to landfill are increasing and so are supplier contract costs for collection and processing of waste. Cost increases that have been factored into the Budget include:

- more than doubling in Environmental Protection Authority landfill levies over the last three financial years from \$65.90 a tonne in 2020-21 to \$140.00 a tonne in 2023-24 (estimate)
- recycling collection and processing costs are expected to increase by 17.4 per cent

- FOGO and green waste disposal will increase by at least 8 per cent
- changeover of bin-lid colours to adhere to Victorian Government directions (\$4.20 million cost), this has been allocated over the waste service charge over a five year period.

Cost recovery through rates and charges reflects an equitable 'user-pays' approach to waste services charges. While FOGO costs have increased significantly, Council continues to support the development and expansion of this service as it can deliver significant environmental benefits by diverting what we send to landfill.

This Budget also invests in education programs that will help to reduce costs related to contamination of recyclable waste and Council will continue to monitor market conditions to ensure we're managing waste in a way that is both financially and environmentally sustainable.

Financial support still available

We acknowledge that financial stress is being experienced by a significant portion of our community, including both residents and businesses. Support available includes:

- payment arrangements that are tailored to the needs of the property or business owners
- a deferment of payment of rates
- financial counselling and support provided by Good Shepherd (not for profit organisation) and through Consumer Affairs Victoria (National Debt Helpline (Victoria)).

For more information about support please call **8290 1333** or visit [Pay your rates City of Stonnington](#)

Investing in infrastructure and asset renewal

We own and control a wide range of assets from land and buildings to roads, drains, footpaths and open space. The total value of our fixed assets is \$3.39 billion and, consistent with the trend across the local government sector, we are facing escalating costs to maintain and renew our ageing asset base.

This budget will deliver a responsive surplus of \$18.37 million which will be used to partly fund a new capital works program for budget year 2023-24 worth \$64.11 million, as well as a \$9.62 million intangibles (information technology) program and \$8.50 million of cloud software implementation. Put simply, without a budget surplus – there would be a significantly reduced capital works programs at all Councils.

Investing in infrastructure projects not only leads to the development of upgraded and new assets for our community but also contributes to the economic growth of our local area. Moreover, it provides additional reasons for our residents to appreciate their neighborhood.

Highlights for infrastructure projects in 2023-24 include:

- roads, footpaths, bridges and drainage works (\$9.13 million)
- community building renewal and improvement works (\$30.56 million)
- land acquisition and improvements works relating to parks, open space and recreation renewal and improvement projects (\$17.73 million)
- customer experience improvements and digitisation program (\$9.62 million)

Within the above highlighted items, some key deliverables are:

- new community sporting facilities at Percy Treyvaud Memorial Park (\$7.66 million)
- strategic property acquisitions to increase open space within our community (\$7.00 million)
- East Malvern Tennis Club facility upgrades – stage 1 (\$0.40 million)
- Prahran Town Hall asset improvement works (\$0.64 million and \$0.41 million carryover)
- Toorak Village streetscape improvements (\$4.50 million)
- Toorak Park masterplan implementation - stage 3 (\$9.06 million and \$1.40 million carryover)
- Princess Gardens masterplan implementation (\$2.60 million and \$3.07 million carryover)
- Prahran Market asset renewal (\$4.00 million and \$1.18 million carryover)
- Prahran Aquatic Centre refurbishments (\$0.70 million and \$1.00 million carryover)
- Chapel Street master plan development (\$1.00 million and \$1.40 million carryover)
- Gardiners Creek (KooyongKoot) masterplan implementation (\$0.50 million and \$0.78 million)

carryover)

- regional accessible playgrounds at Central Park and Sir Zelman Cowen (\$1.56 million and \$1.44 million carryover)
- accessible ramp and lift upgrade at Toorak/South Yarra Library (\$1.00 million)

The adopted capital works budget comprises new investment plus some funds carried forward from last financial year that were unspent due to unforeseen delivery impacts.

Challenges continuing to face the construction industry

The challenges facing the construction industry in Victoria have continued to impact our ability to deliver some of our planned capital projects, including:

1. COVID-19 impacts: The pandemic continues to disrupt supply chains and cause delays in project delivery, leading to increased cost.
2. Skill shortages: Victoria's construction industry is experiencing a shortage of skilled workers, including engineers, architects and construction managers.
3. Contractor availability: the significant number of construction projects underway across Victoria has at times resulted in low tender submissions for Council.
4. Tightening credit conditions: The industry is facing tighter credit conditions, which are making it difficult for construction companies to access financing for their projects.
5. Environmental regulations: The industry is subject to increasingly stringent environmental regulations, which can increase project costs and lead to delays.

Any ongoing issues will continue to impact the delivery of our capital works program. The likelihood of these challenges continuing through 2023-24 is high and we will continue to monitor this situation closely.

Implementation of our Climate Emergency Action Plan

Council will continue to prioritise and invest in environmental sustainability and strive to minimise waste. To achieve this, Council will invest \$1.96 million in 2023-24 across various climate initiatives, as outlined in our Climate Emergency Action Plan. Our goal is to ensure a sustainable future for the City by reducing carbon emissions, increasing adaptability and resilience of our buildings to climate change, promoting water sensitivity, and consistently decreasing waste production. New asset developments are planned and developed to incorporate climate resilience and mitigate our environmental impact in line with our Sustainable Assets Policy.

Why are there short-term project roles in the budget?

The Council is currently implementing two major projects: a Digital Transformation Project worth \$15.00 million and an enhanced Capital Works Program worth \$64.11 million, along with carry-over funding of \$22.79 million from 2022-23. These initiatives require additional personnel to ensure their timely and cost-effective completion. To achieve the best value in project delivery and build internal capacity, the Council has decided to hire more short-term and temporary staff. Most of these roles are for specific initiatives, programs, or projects and have been included in their respective budgets.

Some of the new temporary roles are associated with projects aimed at improving the Council's technology, making it easier for people to interact with them. Once these projects are completed, significant business efficiencies and savings will be achieved, and the Council will be able to reallocate resources as needed. Other benefits include reduced risks to their services due to obsolete technology, faster response times to customer requests, multiple channels for customer interaction, and a more engaged workforce that helps reduce employee attrition costs for Council.

Supporting the events, arts and culture sector

Stonnington has an incredible arts and events program that nurtures the artistic and cultural side of our community and brings people into our city. This is especially important as we continue to drive activation to our much-loved precincts.

To help build on and deliver these highly valued community events, the festivals and events budget has marginally increased in 2023-24 to include new and creative ways of delivering events to enable the best engagement from our community and provide economic stimulus.

Highlights of this program include:

- Roola Boola Children's Arts Festival
- Glow Winter Arts Festival
- Festive Season Carols at Como Park and Family Festive Season Central Park
- Sunset Sounds Outdoor Concert Series
- Classics Opera Outdoor Concert
- Classics Symphony Indoor Events
- Pets In the Park Outdoor Event
- Melbourne Food and Wine Festival
- Melbourne Fashion Festival
- Circus Arts Precinct Activation across the Prahran precinct
- Melbourne International Jazz Festival
- Prahran Square Outdoor Events
- business development workshops and events.

Key Statistics

With the impact of COVID-19 on the last three financial year comparisons, data from this period is not reflective of normal Council operations and future budgeting needs or trends. Therefore, we have provided comparative details for prior years below.

Stonnington has a culturally and economically diverse population. The housing stock ranges from some of Melbourne's finest mansions to large blocks of public housing, which is an indication of the community's contrasting lifestyles, needs and expectations.

The number of people who live in Stonnington has grown by close to 10,000 in last five years. Population figures reflect the most recent Estimated Resident Population (ERP) as provided by the ABS prior to 30 June 2022. The data release estimated Stonnington's population at 114,340 for 2022, a 3.6 percent decrease from 2021. This was driven by interstate and international emigration at the height of the COVID-19 pandemic lockdowns.

Rateable properties have increased by 3,279 in the last five years and we expect this to continue as higher density living increases, placing future pressures on our amenities and community services, which we need to start addressing and investing in now.

Key drivers	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Population growth	2.23%	1.28%	0.72%	(3.6%)	<i>Not available</i>	<i>Not available</i>
Rateable property growth	1.90%	1.50%	1.50%	1.50%	0.17%	0.65%
Rates cap increase	2.25%	2.50%	2.00%	1.50%	1.75%	3.50%

The City of Stonnington's budget for 2023-24 includes a 3.5 per cent rate rise, the recommended amount by the Victorian Government.

Revenues (\$'000)	Actual 2018/19	Actual 2019/20	Actual 2020/21	Actual 2021/22	Forecast 2022/23	Budget 2023/24
Total revenues	201,280	190,971	180,754	195,805	207,942	220,564
Rates and Charges	113,597	117,736	119,705	126,234	133,807	137,304
Statutory fees and fines	25,788	23,880	19,039	20,247	20,159	22,358
User fees	21,638	18,105	15,382	17,992	22,152	25,089

Of the \$64.11 million in new capital (excl. intangibles) funding required, \$35.36 million comes from Council operations (surplus plus other funded reserves), \$6.75 million from external grants, \$9.5 million from open space reserve (investment funded), and \$14.50 million to be funded from new borrowings.

Capital Program by funding sources (\$'000)	Actual 2018/19	Actual 2019/20	Actual 2020/21	Actual 2021/22	Forecast 2022/23	Budget 2023/24
Council Surplus	37,379	41,539	28,109	42,770	25,968	33,360
Reserve-Open Space	20,396	3,935	13,289	416	17,163	9,500
Reserve-Future Funds	1,200	300	-	-	-	-
Borrowing facility	20,000	-	-	-	41,500	14,500
External Capital Grants	2,736	779	4,222	4,203	7,341	6,746
Total Capital Program	81,711	46,553	45,620	47,389	91,972	64,106

Cash funds will be drawn upon to fund our new capital program of \$73.73 million (incl. intangibles) within the adopted budget for 2023-24. Continued prudent leadership will ensure the parameters set for Council to operate within will maintain acceptable financial outcomes over the short-term and Council will be committed to getting cash levels back over the long-term.

Total Cash (\$'000)	Actual 2018/19	Actual 2019/20	Actual 2020/21	Actual 2021/22	Forecast 2022/23	Budget 2023/24
Total Cash	111,125	106,711	104,606	90,643	69,955	41,063

Budget Reports

Budget Trends and Summary

- Rates per cent increase

The introduction of rate capping has resulted in an average current and projected rate increases of 2.22 per cent which is significantly lower than the average increase over the years from 2011-12 to 2015-16 of 4.04 per cent (before rate capping). For the 2023-24 budget year, Council has adopted to apply the rate cap increase of 3.50 per cent as approved by State Government. Note that as part of COVID-19 response, Council provided 2.00 per cent rate relief for all ratepayers in 2020-21 budget year.

- Rates total revenue

Council rate revenue by dollars continues to increase in line with the rate cap. Growth in the rate base via supplementary valuations (development, subdivisions and renovations etc.) add around \$0.8 million per annum to Council revenue. The actual rates revenue for 2020-21 reflected the full rate waiver and concession, which resulted in the projected value being below the trend line.

- Total other revenues

Other revenue took a substantial hit due to the impact of COVID-19 on statutory fees and fines and service charges. This predominately related to reductions in parking fines, parking fees, recreation and aquatic facilities revenues during the Melbourne lockdowns. The Budget for 2023-24 is projected to return to pre-COVID levels. New revenue streams have been built into the budget assumptions, including bus shelter advertising and further parking enforcement.

- Total operating expense

The 2023-24 budget and forward estimates highlights Councils ability to return to operating service levels and increased inflationary costs. In addition to this, the recognition of an accounting standard clarification released for the application of IAS 38 Intangible Assets – Configuration or Customisation Costs in a Cloud Computing Arrangement impacted operating expenses in 2021-22, with further write offs budgeted to occur in 2023-24 and 2024-25 as the Transformation Project is realised. Hence the reduction in 2025-26 is due to the assumption that Software-as-a-Service write offs will have all occurred in previous years.

- Annual adjusted underlying surplus per cent

The underlying operating surplus (which is calculated as the operating surplus less non-current capital grants and capital contribution income) is our significant funding source for the Council capital program.

Our other revenue streams have been slow to normalise, and we face additional pressure as the rates cap is outpaced by increasing costs. In addition to this, the recognition of an accounting standard clarification released for the application of IAS 38 Intangible Assets – Configuration or Customisation Costs in a Cloud Computing Arrangement impacted the adjusted underlying surplus in 2021-22, caused an adjusted deficit position, however no cash impact. Significant Software-as-a-Service write offs have been budgeted to occur in 2023-24 and 2024-25 as the Transformation Project is realised.

- Annual capital works program

Council continues to renew, upgrade, and construct new assets that support and provide economic stimulus to our community. The 2019 to 2022 capital programs have been significantly impacted by unforeseen challenges impacting the construction industry resulting in project delays and / or deferrals of projects. The budget program for 2023-24 and beyond will enable Council to provide updated assets and new facilities to support the Community both now and in the future.

Budget Context

Strategic Planning Principles

The Financial Plan provides a 10 year financially sustainable projection regarding how the actions of the Council Plan may be funded to achieve the Community Vision. The Financial Plan is developed in the context of the following strategic planning principles:

- Council has an integrated approach to planning, monitoring and performance reporting.
- Council financial plan addresses the Community Vision by funding the aspirations of the Council Plan. The Council Plan aspirations and actions are formulated in the context of the Community Vision.
- The Financial Plan statements articulate the 10-year financial resources necessary to implement the goals and aspirations of the Council Plan to achieve the Community Vision.
- Council's strategic planning principles identify and address the risks and opportunities to effective implementation of the Financial Plan.
- The Financial Plan provides for the strategic planning principles and progress monitoring and reviews to identify and adapt to changing circumstances.

Financial Management Principles

The Financial Plan demonstrates the following financial management principles:

- Revenue, expenses, assets, liabilities, investments and financial transactions are managed in accordance with Council's financial policies and strategic plans.
- Management of the following financial risks:
 - the financial viability of the Council
 - the management of current and future liabilities of the Council
 - the management of cash levels over restricted assets.
- Financial policies and strategic plans are designed to provide financial stability and predictability to the community.
- Council maintains accounts and records that explain its financial operations and financial position

Service Performance Principles

Council services are designed to be provided in an equitable manner and be responsive to the diverse needs of the community. The Council Plan is designed to identify the key services and projects to be delivered to the community. The Financial Plan provides the mechanism to demonstrate how the service aspirations within the Council Plan are proposed to be funded. The service performance principles for Council are listed below:

- Customer centric: creating and designing a positive customer experience by putting the customer at the heart of all decisions.
- Future focused: learning from the past, be respectful of the present and looking to the future, both in the short and long term.
- Outcomes oriented: emphasis on working towards achievable outcomes that benefit the wider community.
- Evidence based: well-informed decisions about services, projects or policies based on the best available evidence and research (accurate, qualitative, quantitative data etc.).
- Best Value: the optimum combination of cost (whole of life), quality (fit for purpose) and sustainability (economic, social and environmental) to meet our community needs.
- Continuous improvement: an ongoing effort to improve processes through proactive, creative and innovative initiatives to meet a changing service environment. These efforts can seek “incremental” improvement over time or be transformational.
- Social sustainability: to promote and support social, cultural and civic life, and places and space for people to maintain a healthy and connected community.

- Environmental sustainability: enhancing the natural environment that is valued in our municipality, and for our future decisions to contribute to a cleaner, safer and better environment for future generations.

Asset Plan Integration

Integration to the Asset Plan is a key principle of the Council's strategic financial planning principles. The purpose of this integration is designed to ensure that future funding is allocated in a manner that supports service delivery in terms of Councils approved / adopted plans and policies that will ensure effective management of Council's assets into the future.

The Asset Plan identifies the operational and strategic practices which will ensure that Council manages assets across their life cycle in a financially sustainable manner. The Asset Plan, and associated asset management policies, provide council with a sound base to understand the risk associated with managing its assets for the community's benefit.

The Asset Plan is designed to inform the 10-year Financial Plan by identifying the amount of capital renewal, backlog and maintenance funding that is required over the life of each asset category. The level of funding will incorporate knowledge of asset condition and risks as well as the impact of reviewing and setting intervention and service levels for each asset class.

In addition to identifying the operational and strategic practices that ensure that Council manages assets across their life cycle in a financially sustainable manner, the Asset Plan quantifies the asset portfolio and the financial implications of those practices. Together the Financial Plan and Asset Plan seek to balance projected investment requirements against projected budgets.

Budget influences

The 10 years represented within the Budget are 2023-24 through to 2032-33. In preparing the 2023-23 Budget, several external influences have been taken into consideration. To mitigate external influences Council will continue to review strategic actions to ensure funding levels are retained and the Council Plan can be delivered.

These include:

- A financially sustainable Council – improving financial sustainability to enable Council to respond to financial challenges now and into the future.
- Prioritised funding – align resources to Council Plan priorities and fund projects based on demonstrated need.
- Focused program of service reviews and building efficiencies with a focus on developing new revenue sources and containing cost increases in business operations.
- Rate funds applied to the capital works program to increase each year.
- Increase investment in capital works renewal to reduce the escalating risk and maintenance of aging infrastructure.
- Appropriate funding to address climate change.
- Debt funding to be applied to growth infrastructure where applicable.
- Allocate consistent funding for technology and innovation to enhance customer service and create efficiencies.
- At a minimum, adherence to the projected State Government annual rate cap.

External and internal budget influences are outlined below:

Factor	Consideration
Impacts to cost base	Service growth from population growth and service demand / expectation. New services and asset demands. Cost pressures from wages and construction costs. Inflation pressures.

Factor	Consideration
CPI Volatility	Current market and CPI volatility that is caused by one-off events like Russia & Ukraine War for oil price increase and supply chain distribution issues caused by COVID.
Rates Capping	The Victorian State Government cap on the average property rate increase for 2023-24 has been set at 3.50 per cent (2022-23 1.75 per cent) which is lower than the cost inflation forecast for 2023-24 at 6 per cent.
Challenges impacting project delivery	Contractor availability due to the significant number of construction projects underway across Victoria. Skills shortages. Tighter credit conditions, which are making it difficult for construction companies to access financing for their projects. Ongoing investment to keep up with Technology changes and to mitigate cyber risks and accommodate new ways of working.
Cost shifting	A continuation of cost shifting where Federal and State government grants do not increase by the same percentage as Council's cost of providing these services.
Public infrastructure maintenance	Councils across Australia raise approximately 3 per cent of the total taxation collected by all levels of Government in Australia, but Councils are entrusted with the maintenance of more than 30 per cent of all Australian public assets including roads, bridges, parks, footpaths and public buildings.
Lower Developer Contributions	The rate of growth and flow of development contributions income depends on land sales and the desire of developers to construct new developments within the municipality. Changes in this impact on the level of non-monetary contributions received by Council.
Enterprise Agreement (EA)	The existing Enterprise Agreement (EA11) ends on 30 June 2024 triggering negotiation.
Labour shortages and retention	Labour shortages and retention have had a significant impact on Council, leading to increased costs to fill vacancies, and lost opportunities for growth.
Increasing adaptability and resilience Climate Change	Investment to factor for the physical, social, and economic impacts of climate change and adapting this into service levels, asset renewals and new project delivery.
Capital expenditure funding	The ten-year Budget is based on a decrease in capital works investment funded from Council's operations to ensure that Council replenishes cash levels above restricted assets.
Service Planning and performance	Council's broad approach in fulfilling its long-term obligations to facilitate acceptable services for the community, is engage in service reviews which may: o improve process / service o minimise service cost growth o change the delivery model o change / rationalise service levels

Financial Policy Statements defines the measures that demonstrates Council's financial sustainability in order to fund the aspirations of the Community Vision and the Council Plan.

Policy Statement*	Measure	Target	Forecast	Budget	Projection										Trend

1. Link to the Council Plan

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and performance framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget and Annual Plan) and then holding itself accountable (Annual Report).

1.1 Framework principles

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic directions and objectives described in the Council Plan. The diagram below depicts the integrated planning and performance framework that applies to local government in Victoria and adopted by the City of Stonnington. At each stage of the integrated planning and performance framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers. This framework complies with the requirements under Part 4 of the Local Government Act 2020.

Source: Department of Jobs, Precincts and Region; City of Stonnington

The timing of each component of the integrated planning and performance framework is critical to the successful achievement of the planned outcomes.

1.2 Future Stonnington

Council's long-term vision for the City and the outcomes we will work towards over the next four years are described in Future Stonnington. This incorporates two important documents: the Stonnington Community Vision 2040 articulating the community's aspirations for the future, and the Council Plan 2021-25 which describes how Council will strive towards this vision during its four-year term. Future Stonnington is supported by our long-term financial plan, developed to guide how our actions will be funded to achieve the community's vision.

Community Vision 2040

Our community is a safe, inclusive and creative city that celebrates and embraces its vibrancy of cultures.

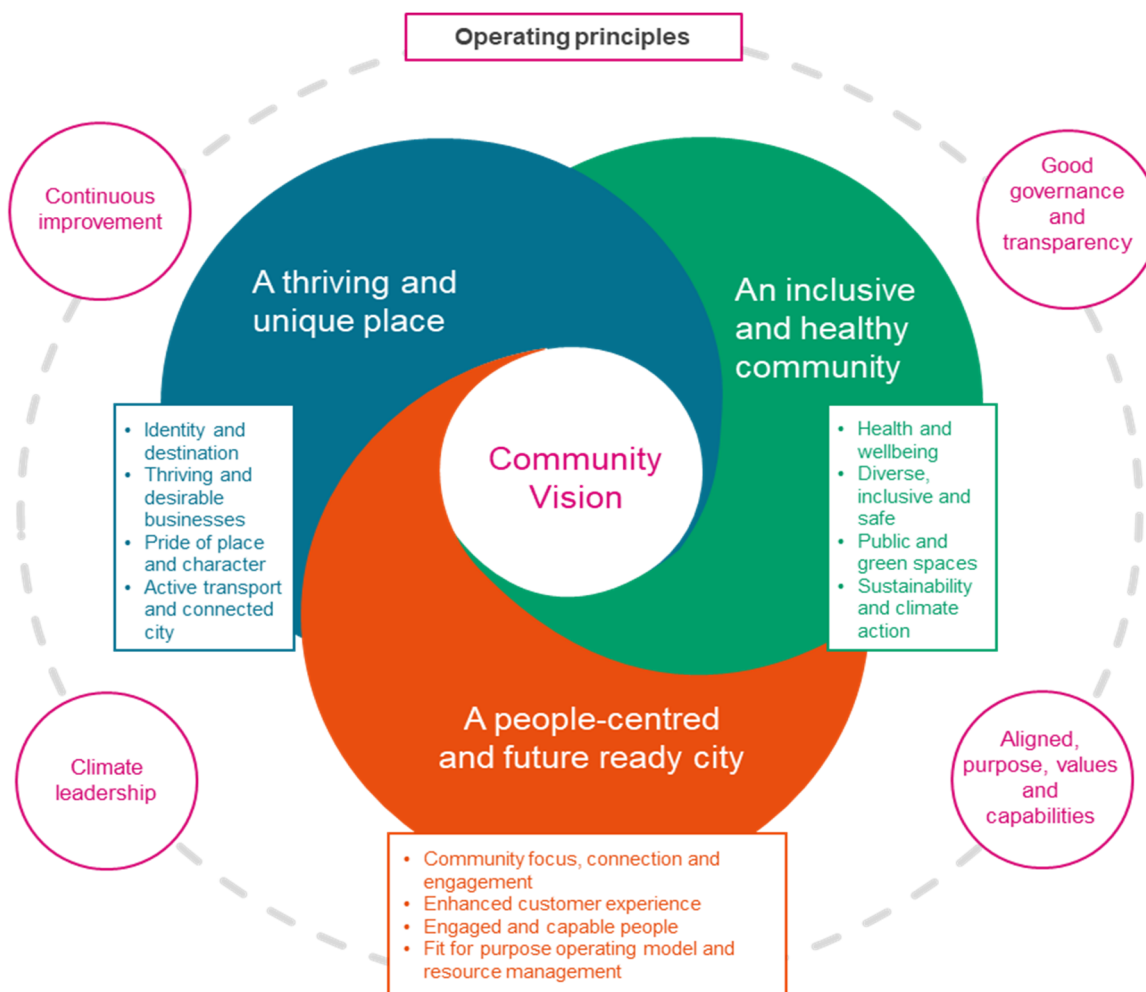

Walking the tree lined streets, we pay respect to the influence of the Nation's First Peoples past and living on a modern, sustainable and interconnected way of life that supports the good health and wellbeing of all.

The Community Vision is supported by six principles, which are articulated in Future Stonnington. These community outcome areas comprise:

- Stonnington is a modern city that maintains heritage sites and its cultural identity whilst embracing progressive development, which supports its local businesses and encourages creative initiatives.
- Protect biodiversity, take climate action and pursue eco-friendly ways of living.
- Stonnington's ambition is to be a caring, compassionate and supportive city for all members of the community.
- Stonnington will have strong governance and diverse representative leadership, which enhances open two-way communication.
- Stonnington's public spaces will provide the ability for all members of the community to experience and enjoy the natural environment.
- We provide access to a variety of quality services and amenities for everyone within 20 minutes.

Council Plan 2021-25

Developed with our community, the Council Plan is one of the most critical pieces of work Council will undertake in its four-year term. It must consider our Community Vision, the challenges and opportunities we face as a city, as well as the functions and obligations required of councils by law. Once adopted, it becomes our framework for action and guides the delivery of everything we do. The City of Stonnington has developed this Council Plan centred on three strategic directions representing our broad aspirations in achieving the community's vision. Each strategic direction is supported by four objectives, key themes that underpin the directions.

Source: Future Stonnington, 2021, p 26.

Strategic Directions & Objectives

Council delivers activities and initiatives under a broad range of major service categories. Each contributes to the achievement of the Strategic Directions as set out in the Council Plan 2021-25. The following table lists the Strategic Directions as described in the Council Plan.

Strategic Direction	Strategic Objectives
1. A thriving and unique place	1.1 Identity and destination 1.2 Thriving and desirable businesses 1.3 Pride of place and character 1.4 Active transport and connected city
2. An inclusive and healthy community	2.1 Health and wellbeing 2.2 Diverse, inclusive and safe 2.3 Public and green spaces 2.4 Sustainability and climate actions
3. A people centred and future ready city	3.1 Community focus, connection and engagement 3.2 Enhanced customer experience 3.3 Engaged and capable people 3.4 Fit for purpose operating model and resource management

1.3 Our Values

City of Stonnington has a clear strength in the bond and affinity between its Councilors, the community and staff. Staff support the community leadership and governance role of Councilors, and work together to achieve the commitments of the Council Plan. Having all City of Stonnington staff practice the following organisational values enhances the quality of this partnership:

- **Cooperation** - we know that working together means we get better results. We are a team and together we achieve great things for our community. Our citizens, community and service users are the focus of all our actions
- **Change and New ideas** - Finding better ways to do things and sometimes doing things that haven't been done before keeps us challenged, inspired and relevant.
- **Learning** - We encourage learning and create opportunities for people to grow and succeed for the benefit of our community.
- **Achievement** - We work hard to achieve great outcomes and we like how it feels when people stop to say, great job! So we strive for excellence and celebrate our success.
- **Communication** - We communicate in a respectful, transparent and inclusive manner. Being open and honest in our communications allows us to make better decisions.
- **Accountability** - We do things the right way for the right reasons. We are responsible and accountable for the work we do and the way we do it.

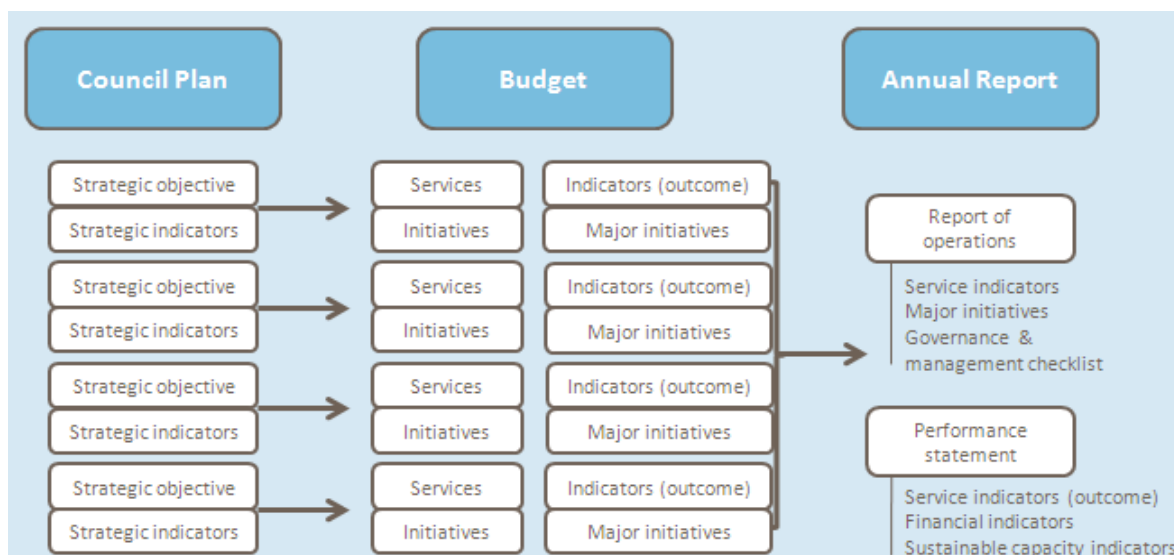

2. Services and service performance indicators

Each year Council highlights key activities to be undertaken to deliver on the strategic directions of the four-year Council Plan 2021-25 and long-term Community Vision 2040 (Future Stonnington). This includes major initiatives resourced through the Budget, in addition to the day-to-day delivery of important programs and services to our community.

The Annual Plan, previously a stand-alone companion document to the Community Vision, Council Plan and Budget, is now integrated as Section 2 of the Budget to better describe how Council will resource these activities over the financial year.

This is a non-exhaustive overview, with Council's objectives and priorities also delivered through additional initiatives and operational activities contained within internally managed Service Plans and elsewhere within the Budget.

Progress delivering these activities is shared with the community through the Annual Report and Quarterly Reporting to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

Source: Department of Jobs, Precincts and Regions

2.1 Strategic Direction 1: A thriving and unique place

We are a connected city of unique precincts, we preserve and celebrate our heritage while embracing modern design and sustainable development, and supporting businesses to thrive, made up of four objectives:

- 1) Identity and destination
- 2) Thriving and desirable businesses
- 3) Pride of place and character
- 4) Active transport and connected city

Major Initiatives -Strategic Direction 1: A thriving and unique place

- A. Implement the Place Led Economic Development Strategy: Develop and deliver a new place-led approach to shape Stonnington's neighborhoods and precincts. (\$0.39 million net cost 2023-24, Operating initiative)
- B. Undertake the Prahran Market asset renewal: Undertake asset renewal works to the Prahran Market as identified by the asset condition audit. (\$4.00 million net cost 2023-24, Capital program)
- C. Major State Government Projects: Advocate for and facilitate the delivery of improved community outcomes related to major state government projects, including Metro Tunnel and Homes Victoria projects. (BAU)
- D. Implement the cycling action plan: Plan for improved off-road trails and on-road cycling paths, and supporting infrastructure, to make it easier and safer for people to cycle within and through the city. (\$0.40 million net cost 2023-24, Capital program)
- E. Improve public realm outcomes through masterplan design and delivery, including: Toorak Village streetscape upgrade (\$4.50 million net cost 2023-24, Capital program)

Other initiatives – Strategic Direction 1: A thriving and unique place

- Progress the development and implementation of key land use planning strategies, including:
 - Housing Strategy (BAU)
 - Neighborhood Activity Centre Framework (BAU)
 - Suburb-by-suburb heritage reviews (BAU)
- Implement the Chapel Street Transformation program of streetscape uplifts. (\$1.00 million net cost 2023-24, Capital program)
- Deliver a Council wide network of electric vehicle chargers in line with the Integrated Transport Plan and Climate Emergency Action Plan. (\$0.01 million net cost 2023-24, Capital program)

- Implement the walking action plan to encourage walking within Stonnington, including installation of signage, line marking and other minor works. (\$0.05 million net cost 2023-24, Capital program)
- Implement the Creative Arts and Culture Strategy (\$0.03 million net cost 2023-24, Operating initiative)
- Implement the Prahran Town Hall Conservation Management Plan (\$0.09 million net cost 2023-24, Capital program)
- Enhance and support the artistic, creative, community and economic development of our city through delivery of:
 - The Annual Arts and Culture Grants Program (BAU)
 - A signature program of free and ticketed events and festivals (Events and programs)
 - A diverse programming of events at Chapel off Chapel (Events and programs)
 - A visual and public art program (BAU)
- Deliver a suite of events to activate Prahran Square (\$0.18 million net cost 2023-24, Operating initiative)
- Deliver the "See Local" activation program (Events and programs)

A more extensive list of other initiatives is included in Council's Annual Plan.

2.1.1 Identity and destination

Service Area	Service Description		2021/22	2022/23	2023/24
			Actual \$'000	Forecast \$'000	Budget \$'000
Chapel Off Chapel	This service provides theatre services including technical staging advice and performance operations, facilities for events, exhibitions of works by local artists, and function and catering services including seminars, meetings and conferences.	Rev	403	692	671
		Exp	<u>1,252</u>	<u>1,528</u>	<u>1,505</u>
		Surplus/(Deficit)	(849)	(837)	(834)
Events, Arts and Culture	This service recognises arts, culture and creativity which are at the heart of the health, wellbeing and prosperity of our community by creating opportunities that support local artists, galleries and art projects.	Rev	114	304	355
		Exp	<u>3,522</u>	<u>4,104</u>	<u>4,084</u>

2.1.4 Active transport and connected city

Service Area	Service Description		2021/22 Actual \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000
Traffic and Parking Services	This service provides strategic planning, policy development and day to day management of traffic and transport related issues, including managing Council's activity centre car parks.	Rev	20,577	21,576	25,327
		Exp	<u>16,912</u>	<u>15,545</u>	<u>17,946</u>
		Surplus/(Deficit)	3,665	6,031	7,381

2.1.5 Annual plan, services and service performance indicators

Services	Indicator	Performance Measure	Computation
Animal Management	Health and safety	Animal management prosecutions (Percentage of successful animal management prosecutions)	[Number of successful animal management prosecutions / Number of animal management prosecutions] x100
Statutory planning	Decision making	Council planning decisions upheld at VCAT (Percentage of planning application decisions subject to review by VCAT that were not set aside)	[Number of VCAT decisions that did not set aside Council's decision in relation to a planning application / Number of VCAT decisions in relation to planning applications] x100

2.2 Strategic Direction 2: An inclusive and healthy community

We are a healthy and diverse city that is welcoming for all, we care for our people and our environment, and provide well designed, safe and accessible spaces and facilities for everyone, made up of four objectives:

- 1) Health and wellbeing
- 2) Diverse, inclusive and safe
- 3) Public and green space
- 4) Sustainability and climate action

Major Initiatives-Strategic Direction 2: An inclusive and healthy community

- A. Implement Council's Climate Emergency Action Plan, including delivery of:
 - The Emissions Reduction Program towards zero corporate emissions by 2030, including de-gasification of Council facilities and transition to electric fleet. (\$0.18 million net cost 2023-24, Capital program)
 - The Community Climate Support Program to support the Stonnington community to reduce emissions and plan and adapt to a changing climate. (\$0.04 million net cost 2023-24, Capital program)
 - Strategic assessments and scoping of building upgrades to retrofit climate impact and adaption methodologies. (\$0.15 million net cost 2023-24, Capital program)
 - The Climate Adaptation Program (\$0.18 million net cost 2023-24, Capital program)
 - Projects to protect and enhance biodiversity including the Regenerating Kooyongkoot Masterplan (\$0.50 million net cost 2023-24, Capital program)
- B. Implement Percy Treyvaud Masterplan: develop a multi-sport and recreation precinct at Percy Treyvaud Memorial Park through phased capital works. (\$5.66 million net cost 2023-24, Capital program)
- C. Undertake open space acquisitions and improvements: continue to strategically purchase land as it becomes available across the municipality to create increased open space. (up to \$7.00 million net cost 2023-24, Capital program)
- D. Undertake waste bin lid changeover: undertake the progressive changeover of household and business waste bin lids to conform with Australia standard bin lid guidelines. (\$1.88 million net carried over cost 2023-24, Capital program)
- E. Deliver major community and recreation facility upgrades, including:
 - Toorak Park Masterplan Implementation - Stages 2 & 3 (Charles Lux Pavilion) (\$6.74 million net cost 2023-24, Capital program)
 - Princes Gardens Masterplan - final stage including new skate park. (\$2.60 million net cost 2023-24, Capital program)
 - Prahran Aquatic Centre Redevelopment (\$1.00 million carryover from 2022/23 and \$0.70 million net cost 2023-24, Capital program)

Other initiatives – Strategic Direction 2: An inclusive and healthy community

- Review the Public Realm Strategy through the development and implementation of the Open Space Strategy.(BAU)
- Expansion of food and organic (FOGO) recycling to deliver universal access to this service and reduce kerbside waste to landfill in alignment with the Towards a Circular Economy, Our Future Waste Strategy. (\$0.30 million net cost 2023-24, Capital program)
- Delivery of Regional Assessable Playgrounds at:
 - Sir Zelman Cowen Reserve, Kooyong (\$0.53 million net cost 2023-24, Capital program)
 - Central Park, Malvern East (\$0.81 million net cost 2023-24, Capital program)
- Implement the Health and Wellbeing Plan Year 2 actions and delivery of events, activities and programs that support the health and wellbeing of the Stonnington community (Events & programs)

- Implement the Inclusion Plan to improve access and inclusion for people living with disabilities, their families and carers. (Events & programs)
- Implement the Cultural Diversity Action Plan to support people from culturally and linguistically diverse backgrounds.(BAU)
- Implement the Reconciliation Action Plan Year 2 actions to advance reconciliation across Council and within the broader community. (Events & programs)
- Implement the Active Stonnington Strategic Framework to plan and deliver initiatives that encourage the Stonnington community to be more physically active and lead healthier lifestyles.(Events & programs)
- Implement the Urban Forest Strategy to maintain and grow the City's tree stock and enhance biodiversity. (\$0.77 million net cost 2023-24, Capital program)
- Deliver ongoing maintenance, renewal, safety and compliance programs to improve park infrastructure and facilities. (BAU)
- Implement the Safer Stonnington community safety strategy. (Events & programs)
- Implement the Stonnington Zero Partnership with Launch Housing to end rough sleeping homelessness in Stonnington (Events & programs)
- Implement the 10-year Library Strategy (\$0.02 million net cost 2023-24, Capital program)
- Implement the LGBTIQ+ Strategy (Events & programs)
- Develop the Community Infrastructure Plan (\$0.34 million net cost 2023-24, Operating initiative)

A more extensive list of other initiatives is included in Council's Annual Plan

2.2.1 Health and wellbeing

Service Area	Service Description		2021/22 Actual \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000

2.3 Strategic Direction 3: A people-centred and future ready city

We are a future ready and adaptive city that puts the community at the forefront of everything we do, we identify and utilise data and technology to support a better way of life, made up of objectives:

- 1) Community focus, connection and engagement
- 2) Enhanced customer experience
- 3) Engaged and capable people
- 4) Fit for purpose operating model and resource management

**Major Initiatives -Strategic Objective 3: A people-centred and future ready city**

- A. **Implement the Digital Transformation Program:** deliver actions identified in Council's Information and Communications Technology (ICT) Strategy to support current and future organisational business needs and customer experience, including the Smart Cities Strategy, the Data Strategy to unlock Council's data and information to better meet expectations of modern customer interactions and operations. (\$15.00 million net cost 2023-24, Capital program)
- B. **Implement the Technology Enablement Program:** deliver technology improvements to better support Council business, including security updates, renewal of core infrastructure tools and software updates. (\$2.80 million net cost 2023-24, Capital program)
- C. **Deliver ongoing maintenance and renewal of city assets,** including:
 - Local Road - Road Asphalt Resurfacing Program (\$1.00 million net cost 2023-24, Capital program)
 - Footpaths - Renewal Program (\$0.5 million net cost 2023-24, Capital program)
 - Drainage Improvement Works (\$0.60 million net cost 2023-24, Capital program)

Other initiatives – Strategic Direction 3: A people-centred and future ready city

- Develop and implement a Service Planning and Review program to enable Council to review and optimise service delivery, efficiency and improve customer experience.(BAU)
- Deliver the strategic asset management program development roadmap. (BAU)

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are a critical source of revenue that allows Council to deliver works and services for the community, in particular for this financial year, funding Council's recovery. The Victorian Government Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2023-24 the FGRS cap has been set at 3.5 per cent. The cap applies to general rates and is calculated on the basis of Council's average rates. As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

To achieve the objectives of the Council Plan, while maintaining service levels and a strong capital expenditure program over many years, the average general rate will be required to increase by 3.5 percent in line with the FGRS cap.

Due to the impact of the revaluation process in the 2023-24 year, the rate percentage change on the Capital Improved Value of individual properties may vary. Variation to rates are impacted by the average general rate increase and the property valuation movements of individual properties relative to the average across the municipality. If a property increased by more in value than the average for the City of Stonnington, the general rates will increase by more than 3.5 percent, while if a property value increased by less than the average the rates will increase by less than 3.5 percent and may in fact reduce from the previous year.

Supplementary rates income will be higher by \$0.03 million compared to the 2022-23 forecast actual. It is expected that during the 2023-24 year an increase of 3.1 per cent per annum will be received as a result of growth in the rate base due to supplementary rates (additional properties and / or valuation). Special rates and charges income relate to the Special Rates Scheme which was rescinded as of 01 July 2023.

Waste management charges are levied on the basis of cost recovery and the Financial Plan reflects both an increase in Waste and Recycling Charges as well as increased contractor expenses. Future years waste charges are estimated to increase in line with CPI growth of 6.0 per cent plus the landfill levy and recycling increases, to ensure Council continues to recover the full costs of providing waste services.

Total rates and charges for 2023/24 will be \$137.3 million. More information can be found in Council's Revenue and Rating Plan 2021 to 2025.

A. The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	Forecast 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
General rates*	101,897	106,505	4,608	4.5%
Cultural and Recreational	119	123	4	3.5%
Service rates and charges	28,332	29,511	1,179	4.2%
Special rates and charges**	2,009	0	(2,009)	(100.0%)
Supplementary rates and rate adjustments	849	875	26	3.1%
Interest on rates and charges	600	290	(310)	(51.7%)
Total rates and charges	133,807	137,304	3,497	2.6%

*In line with the rate cap established under the FGRS.

** Council endorsed the rescission of Special charge scheme from 2023-24.

- B. The rate in the dollar to be levied as general rates under section 158 of the Act for each type or class of land compared with the previous financial year.

Type or class of land	2022/23 cents/\$CIV	2023/24 cents/\$CIV	Change
General rate for rateable residential properties	0.0009763	0.0010104	3.5%
General rate for rateable commercial properties	0.0009763	0.0010104	3.5%

- C. The estimated total amount to be raised by general rates in relation to each type or class of land, and the estimated total amount to be raised by general rates, compared with the previous financial year.

Type or class of land	Forecast 2022/23 \$'000	Budget 2023/24 \$'000	Change \$'000	%
Residential	88,363	93,160	4,797	5.4%
Commercial	13,535	13,346	(189)	(1.4%)
Cultural and Recreational	119	123	4	3.5%
Total amount to be raised by general rates*	101,897	106,505	4,608	4.5%

*Total amount to be raised above excludes Cultural and Recreational land.

When annualised Supplementary Rates for 2022-23 are included in the base (per the legislated State Government rate cap formula), the total per cent change for 2023-24 is 3.5 per cent.

D. The number of assessments in relation to each type or class of land, and the total number of assessments, compared with the previous financial year.

Type or class of land	1-Jul-22 2022/23 Number	Budget 2023/24 Number	Change Number	%
Residential	59,837	60,291	454	0.8%
Commercial	6,544	6,521	(23)	(0.4%)
Cultural and Recreational	12	12	-	0.0%
Total number of assessments (excl. Culture & Rec)	66,381	66,812	431	0.6%

E. The basis of valuation to be used is the Capital Improved Value (CIV).

F. The estimated total value of each type or class of land, and the estimated total value of land, compared with the previous financial year

Type or class of land	Budget 2022/23 \$'000	Budget 2023/24 \$'000	Change \$'000	%
Residential	91,395,620	92,204,255	808,635	0.9%
Commercial	12,984,133	13,208,668	224,535	1.7%
Total Residential and Commercial value of land	104,379,753	105,412,923	1,033,170	1.0%
Cultural and Recreational	203,500	200,400	(3,100)	(1.5%)
Total value of land	104,583,253	105,613,323	1,030,070	(0.5%)

G. The municipal charge under Section 159 of the Act compared with the previous financial year

Type of Charge	Per Rateable Property 2022/23 \$	Per Rateable Property 2023/24 \$	Change
Municipal	-	-	-

H. The estimated total amount to be raised by municipal charges compared with the previous financial year

Type of Charge	2022/23 \$	2023/24 \$	Change
Municipal	-	-	-

- I. The rate or unit amount to be levied for each type of service rate or charge under Section 162 of the Act compared with the previous financial year

Type of Charge	Per Rateable Property 2022/23 \$	Per Rateable Property 2023/24 \$	Change
Waste Management Charge - Base Residential	245.00	253.00	3.3%
Waste Management Minimum 120L Residential	345.00	354.00	2.6%
Waste Management Minimum 120L - Shared Bin (\$6 Discount) - residential	339.00	348.00	2.7%
Waste Management Multi-unit dwelling 60L (shared 120L bin) - residential*	0.00	303.00	NA
Waste Management Charge - residential 240L bin	655.00	708.00	8.1%
Waste Management Charge - Base Commercial	245.00	253.00	3.3%
Waste Management Minimum 120L Commercial	345.00	354.00	2.6%
Waste Management Minimum 120L- Shared Bin (\$6 Discount) - commercial 120L bin	339.00	348.00	2.7%
Waste Management Charge - commercial 240L bin	655.00	708.00	8.1%
Additional Recycling bin above two free provision- residential and commercial 120L or 240L*	0.00	60.00	NA
Food and Green Waste (FOGO) Charge - residential 60L bin (shared 120L)*	0.00	68.00	NA
Food and Green Waste (FOGO) Charge - residential 120L bin	133.00	136.00	2.3%
Food and Green Waste (FOGO) Charge - residential 240L bin	180.00	184.00	2.2%
Food and Green Waste (FOGO) Charge - commercial 120L bin	133.00	136.00	2.3%
Food and Green Waste (FOGO) Charge - commercial 240L bin	180.00	184.00	2.2%

* New charge initiated for 2023-24

- J. The estimated total amount to be raised by each type of service rate or charge, and the estimated total amount to be raised by service rates and charges, compared with the previous financial year

	Budgeted 2022/23 \$	Budget 2023/24 \$	Change
Waste Management Charge - Base Residential	2,817,500	4,104,419	45.7%
Waste Management Minimum 120L Residential	9,858,030	8,585,208	(12.9%)
Waste Management Minimum 120L - Shared Bin (\$6 Discount) - residential	3,518,820	3,505,404	(0.4%)
Waste Management Multi-unit dwelling 60L (shared 120L bin) - residential*	0	303,000	100.0%
Waste Management Charge - residential 240L bin	6,585,370	7,236,468	9.9%

Food and Green Waste (FOGO) Charge - residential 240L bin	1,678,141	1,946,720	16.0%
Food and Green Waste (FOGO) Charge - commercial 120L bin	3,990	5,168	29.5%
Food and Green Waste (FOGO) Charge - commercial 240L bin	17,640	25,576	45.0%
Total	27,518,451	29,511,237	7.2%

- K. The estimated total amount to be raised by all rates and charges compared with the previous financial year

	Forecast 2022/23 \$'000	Budget 2023/24 \$'000	Change
Rates and charges	101,897	106,505	4.5%
Service rates and charges	28,332	29,511	4.2%
Supplementary rates	849	872	2.7%
Cultural & Recreation and special rate charge other	2,728	413	(84.9%)
Total Rates and charges	133,806	137,302	2.6%

**L. Fair Go Rates System Compliance**

City of Stonnington Council is fully compliant with the State Government's Fair Go Rates System. The table below details the budget assumptions.

	Budget 2022/23	Budget 2023/24
Total Rates (\$'000)	100,168	102,932
Number of rateable properties (excluding Cultural and Recreational)	66,381	66,812
Base Average Rates	1,508.99	1,540.62
Maximum Rate Increase (set by the State Government)	1.75%	3.50%
Capped Average Rate	1,535.39	1,594.53
Maximum General Rates (\$'000)	101,921	106,534
Budgeted General Rates (\$'000)	101,905	106,505
Budgeted Supplementary Rates (\$'000)	802	872
Budgeted Total Rates Revenue (\$'000)	102,707	107,380

M. Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2023-24 estimated \$872,000; 2022-23 \$848,825 (Forecast Actual)).
- The variation of returned levels of value (e.g.: valuation appeals)
- Changes in use of land such that rateable land becomes non-rateable land and vice versa; and
- Changes in use of land such that residential land becomes commercial land and vice versa.

N. Differential rates: City of Stonnington has elected not to make a declaration of differential rates.**4.1.2 Statutory fees and fines**

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change \$'000 %	
Infringements and costs	12,723	14,378	1,655	13.01%
Court recoveries	2,518	3,009	492	19.56%
Town planning fees	1,888	2,343	455	24.10%
Land information certificates	194	193	(1)	(0.49%)
Permits	2,836	2,435	(401)	(14.15%)
Total statutory fees and fines	20,159	22,358	2,200	10.91%

The Financial Plan indexes statutory fees, set by state legislation, according on the estimated annual rate of CPI. These fees are outside the control of Council and therefore can be subject to increases less than CPI depending on the decision determined by the State Government each year.

The use of CPI assumptions reflects the need for these revenue streams to increase in line with Councils projected costs in order not to impact operating surplus requirements that are used to fund the capital works program.

Statutory fees and fines relate mainly to fees and fines levied in accordance with legislation and include animal registrations, Public Health and Wellbeing Act 2008 registrations and traffic enforcement fees. Increases in statutory fees are made in accordance with legislative requirements.

Statutory fees and fines have stabilised over the past couple of years but are significantly below pre-COVID levels.

The budget displays an increase of \$2.20 million in statutory fees and fines revenue compared with 2022-23 forecast. The increase is predominately driven from a new revenue stream for Smart Parking (\$1.11 million), as well as an increase in parking infringement volumes and income.

The increase is also driven from an expected improvement of \$1.66 million to the fine collections managed by Fines Victoria, and \$0.46 million increase in statutory town planning fees. This is partially offset by a \$0.40 million decrease in permits with an expected slowdown in development activity across 2023-24.

4.1.3 User fees

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Aged and health services	427	487	59	13.82%
Leisure centre and recreation	5,957	6,471	514	8.63%
Child care/children's programs	2,777	2,805	27	0.97%
Car Parking	4,987	5,938	951	19.07%
Registration and other permits	750	822	72	9.60%
Building services	2,979	3,195	216	7.25%
Waste management services	1,608	1,631	23	1.43%
Green fees	1,484	1,464	(20)	(1.35%)
Contracted user fees	97	1,248	1,151	1186.60%
Other fees and charges	1,086	1,028	(58)	(5.34%)
Total user fees	22,152	25,089	2,937	13.26%

User fees and charges assist Council to offset the cost of some service delivery directly with the user rather than funding through rate income. Revenue raised from Council's fees and charges for the provision of services and the use of facilities can be divided into two categories:

User fees relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include the use of leisure, entertainment and other community facilities and the provision of community services such as home help services.

User fees and charges have been reviewed in line with market rates, with any increases budgeted at manageable and sustainable levels to maintain cost recovery. An increase from the previous year of 4.0 per cent has been applied to the 2023-24 fees and charges listing, this has translated to an average increase of 5.2 per cent including new fees and rounding

The budget displays an increase of \$2.94 million in user fees compared with 2022-23 forecast. The increase is predominately driven by two new revenue streams, bus shelter advertising (\$0.60 million) and expansion of off-street / centre parking (\$0.85 million). In addition, the 2023-24 budget includes a \$0.51 million increase in leisure centre and recreation income, and \$0.22 million increase in building surveyors permits and application activities. In addition, one-off revenue of \$0.50 million relates to an expected clawback from the current advertising contract.

The pricing principle factors that determine Council's user fees and charges are equity, user-pays, cost recovery and market rates. As a general guide, user fees and charges are escalated in the 10-Year Financial Plan in line with forecast CPI which assists in offsetting the cost increases to Council for the provision of these services.

A detailed listing of user fees is included in Appendix B.

4.1.4 Grants

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change \$'000	%
Grants were received in respect of the following:				
Summary of grants				
Commonwealth funded grants	8,825	6,874	(1,950)	(22%)
State funded grants	8,762	9,518	756	9%
Total grants received	17,587	16,393	(1,194)	(7%)
(a) Operating Grants				
Recurrent - Commonwealth Government

Community Infrastructure Projects (Roads)	1,648	-	(1,648)	(100%)
	1,648	-	(1,648)	(100%)
Non-recurrent - State Government				
Buildings	3,056	2,000	(1,056)	(35%)
Computers and telecommunications	343	-	(343)	(100%)
Environment	247	-	(247)	(100%)
Fixtures, fittings and furniture	371	-	(371)	(100%)
Parks, open space and streetscapes	946	4,448	3,502	370%
Plant and machinery	28	-	(28)	(100%)
Recreational, leisure and community facilities	391	-	(391)	(100%)
Total non-recurrent grants	5,383	6,448	1,065	20%
Total Capital Grants	7,341	6,746	(595)	(8%)
Total Grants	17,587	16,393	(1,194)	(7%)

Operating Grants

Council receives various grants to continue to fund its operations. Some of the main grant programs are: Financial Assistant grants \$3.20 million and Aged and Home Care of \$3.37 million. Library services is expected to receive \$0.79 million to fund its operations and funding of \$0.37 million is anticipated for the School Crossing Supervisors program. Maternal and Child Health and Immunisation program is expected to receive grants of \$0.70 million to subsidise Council's funding.

Council currently receives grants for tied (specific purpose grants) and un-tied (financial assistance grant) funding received via the Victorian Local Government Grants Commission (VLGGC). Operating grants are expected to increase on an annual basis by 2.25 per cent.

Capital Grants

Capital grants includes \$6.75 million of funding for Building, Recreation facilities and Parks and Open Space development including carryover grant of \$2.32 million for Toorak Park, \$2.00 million for Percy Treyvaud Masterplan Implementation, and \$0.30 million for the recurring Roads to Recovery program.

The level of capital grants is determined based on the nature and level of projects included in the Capital Works Program, and vary widely. Capital grants have therefore been forecast to the level of known committed grants over the forward estimates.

4.1.5 Contributions – monetary

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change \$'000	%
Contributions	6,657	9,500	2,843	42.70%
Total contributions - monetary	6,657	9,500	2,843	42.70%

Contributions relate to monies paid by developers in regard to public open space and developer contribution (\$9.5 million in 2023-24) in accordance with planning permits issued for property development. They represent funds to enable council to provide the necessary open space and community infrastructure and infrastructure improvements to accommodate development growth and improved community outcomes. The contributions are for specific purposes and often require Council to outlay funds for infrastructure works often before receipt of this income source. These contributions are statutory contributions and are transferred to a restricted reserve until utilised for a specific purpose through the capital works program.

Council determines its capital work program having regard to existing and future growth in the municipality. To the extent the capital works program has been identified to meet Council's future population, Council intends to partially fund these projects through a Developer Contributions Plan in line with the requirements of the Planning and Environment Act 1987. Proposed Development Contribution Plan facilitates the collection of funds from development for a range of specified infrastructure and open space projects (pending Ministerial approval).

4.1.6 Other income

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Interest	2,463	1,612	(851)	(34.55%)
Dividends	5	4	-	0.00%
Investment property rental	1,006	1,311	305	30.32%
Council works cost recovery	523	415	(108)	(20.64%)
Fire service property levy administration	89	91	2	2.25%
Valuation cost recovery	136	130	(6)	(4.41%)
Transport towing	66	59	(6)	(9.09%)
Other rent (incl. in-kind community rental))	4,060	5,812	1,752	43.14%
Other	308	476	168	54.61%
Total other income	8,659	9,910	1,251	14.45%

Revenue from other income mainly comprises investment income plus the recovery income from a variety of sources and rental income received from the hire of Council buildings and property investment portfolio (rent). As a general guide, other income is escalated in the 10-Year Financial Plan in line with forecast CPI. Interest income is expected to decline despite increasing interest rates, as availability of Council investments are projected to decline during 2023-24.

Other rent will increase by \$1.75 million. This includes \$0.88 million increase of casual rental, \$0.69 million increase of in-kind community rental and cessation of \$0.50 million rental relief provided in 2022-23.

Council works cost recovery is predominately related to road works on request of resident.

4.1.7 Employee costs

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Wages and salaries	55,905	59,188	3,283	5.87%
Work Cover	1,858	1,879	21	1.13%
Casual labour	4,325	4,066	(258)	(5.96%)
Annual leave and long service leave	9,443	8,893	(551)	(5.84%)
Superannuation	7,222	8,421	1,200	16.62%
Fringe benefits tax	420	414	(6)	(1.41%)
Other	1,525	(521)	(2,045)	(134.14%)
Total employee costs	80,698	82,341	1,643	2.04%

Council provides services to the community by a combination of employees and through contracted service providers. Employee costs are one of the largest expenditure items which represent approximately 44% of total expenses. Total employee costs are a combination of direct wages and salaries, overheads that include workers compensation, superannuation, training and advertising and agency staff engaged on temporary assignments

From 2023-24 to 2031-32, employee costs have annual increases between 2.86 to 3.06 per cent per annum to provide for annual EBA increases, other required increases to staff salaries (i.e. legislated superannuation changes), as well as a projected increase to the delivery of existing services inclusive of a marginal increase in headcount.

Employee costs are budgeted to increase by 2.04 per cent or \$1.64 million compared to forecast 2022-23. The increase in salary cost relates to the following key factors:

- The Council's Enterprise Agreement (EA) 2.25 per cent and provision growth 0.75 per cent to increase in 2023-24
- The superannuation guarantee increases by 0.5 per cent from 1 July 2023, from 10.5 to 11 per cent.
- Increase in maternity leave provisions (14 weeks to 26 weeks)
- FTE numbers will increase by 13.5 FTEs from last year's budget and during the year Management will primarily be focussed on workforce planning and capability mapping to enable further efficiency.

New FTE within the 2023-24 budget include:

FTE	Role(s)	Why	Impact
3.6	Leisure Services Officers	New staff to operate the Stonnington Sports Stadium (Percy Tretyard Memorial Park)	Partially recovered through Stadium income
1.0	Compliance Officer	Increased pool registrations	Recovered through income
1.0	Animal Management Officer	Increased animal registrations	Recovered through income
0.8	Waste	Funded by Waste charge	Recovered through Waste charge
1.0	Payroll Officer	Critical backup role	Reduced payroll risk
3.0	State Government Projects team	Partially funded by State Government in 2023-24	Cost neutral (previously in Operating Initiatives)
1.0	Diversity and Inclusion Advisor	To meet the new requirements of the Act	Cost neutral (previously in Operating Initiatives)
1.6	School crossing supervisors	In-house crossing supervisor management and increased opportunity for parking enforcement	Cost neutral (reduction in DCA Contract Cost)

**4.1.8 Materials and services**

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Contract payments	29,935	32,362	2,427	8.11%
Legal and consulting fees	2,549	2,924	376	14.76%
Stamp duty on summons and registration searches	2,772	3,167	395	14.25%
Building maintenance	2,535	2,358	(177)	(6.99%)
General maintenance	949	1,413	463	48.79%
Utilities	2,569	3,004	435	16.94%
Fire services	369	314	(56)	(15.11%)
Office running cost and supplies	2,469	3,025	556	22.50%
Insurance	2,202	2,219	16	0.72%
Tipping fees and waste removal	6,245	7,098	853	13.66%
Activities and events	2,879	3,879	1,000	34.75%
Bank and merchant charges	653	607	(45)	(6.95%)
Information Technology	4,149	3,825	(324)	(7.82%)
Fleet Management	1,757	2,099	342	19.44%
Planning amendment fees	160	450	290	180.94%
Operating initiatives-non-salary	3,618	2,484	(1,134)	(31.33%)
Commission paid for services	328	1,150	822	250.34%
Capital to operating including Software as a service	7,647	8,500	853	11.16%
Other	3,914	3,770	(143)	(3.67%)
Total materials and services	77,698	84,646	6,947	8.94%

Material costs include items required for the maintenance and repairs of Council buildings, roads, drains and footpaths which are more governed by market forces based on the outcomes from competitive tendering than CPI. Other associated costs included under this category are utilities, materials and consumable items for a range of services. Council also utilises external expertise on a range of matters, including legal services and audit. Council continues to monitor costs in line with CPI levels year on year by engaging the market via best practice procurement processes. Materials and services are budgeted to increase by 8.94 per cent or \$6.95 million compared to forecast 2022-23.

The cost of major contracts are expected to increase generally by forecast CPI for 2023-24. Note that some licences previously captured under Information Technology have been relocated to Contract Payments, the combination of these two categories shows an increase of 6.2 per cent.

Consultancy and Legal: \$0.38 million increase mainly driven by lower 2022-23 spend than historical levels. Consultancy has averaged \$2.4 million per annum for the 5 years from 2017-18 through to 2021-22, but has dropped to \$1.75 million in the 2022-23 forecast, with the 2023-24 Budget at \$2.00 million. For legal costs, average is \$1.1 million per annum historically, with the 2022-23 forecast dropping to \$0.80 million. Budget 2023-24 has been set at \$0.92 million.

A number of non-capital general maintenance items have been built into 2023-24 operating budget including painting, heating, ventilation, and air conditioning. They were budgeted in capital works program before in previous years. Utilities (water, gas, electricity), waste management and fleet operation cost has increased significantly due to the impact of higher inflation, labour and material cost as well as macroeconomics and global impact.

Tipping and waste removal cost is to increase due to landfill levy increase, CPI and property growth.

Additional \$0.84 million commission to be paid in 2023-24 is related to one-off investment on smart parking and off-street parking expansion.

Capital to operating cost includes accounting treatment of investment on Software-as-a-Service and capital works not meeting capitalisation criteria, in the recognition of an accounting standard clarification released for the application of IAS 38 Intangible Assets – Configuration or Customisation Costs in a Cloud Computing Arrangement. These costs are captured as operating expenses at the time they are incurred and are no longer amortised over their useful life.

The increase in Activities & Events has been offset by a decrease in Operating Initiatives. A detailed listing of Operating Initiatives is included in Appendix D.

Festivals and Events Program

Stonnington presents an incredible range of events and has a vibrant arts and culture program. It is our role to continuously nurture our artistic, cultural and community life.

Over many years our events and arts and culture program has become a much-loved part of the fabric of Stonnington. Thousands of visitors and patrons locally, nationally and internationally attend our events, stimulate our economy in our enviable precincts, and activate our public spaces throughout the year.

Supporting the arts and culture sector: Events provide an opportunity to support the recovery of the arts and culture sector by engaging artistic and cultural practitioners, providing specialised presentation spaces and high calibre festivals and events.

Supporting community wellbeing: Arts and cultural activity plays a critical role by offering a diverse program that creates a safe and welcoming environment, rebuilds community confidence and social cohesion, and provides opportunities for the local community to reconnect.

Highlights include:

- Roola Boola Children's Arts Festival
- Glow Winter Arts Festival
- Festive Season Carols at Como Park and Family Festive Season Central Park
- Sunset Sounds Outdoor Concert Series
- Classics Opera Outdoor Concert
- Classics Symphony Indoor Events
- Pets In the Park Outdoor Event

Supporting the local economy: Events, partnerships and arts and cultural programs play a key role in stimulating the local economy and bringing vital business to our community. Taking place throughout the precincts, these activities attract visitors and patrons from across Melbourne to shop and dine at surrounding businesses.

Highlights include:

- Melbourne Food and Wine Festival
- Melbourne Fashion Festival
- Circus Arts Precinct Activation across the Prahran precinct
- Melbourne International Jazz Festival
- Prahran Square Outdoor Events
- Business development workshops and events

4.1.9 Depreciation

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Property	6,165	6,341	176	2.86%
Plant and equipment	4,640	5,462	822	17.71%
Infrastructure	12,787	14,210	1,423	11.13%
Total depreciation	23,592	26,013	2,421	10.26%

Depreciation & amortisation of Council's infrastructure, intangible (software) and right of use of assets is determined from information contained within their various asset management plans and strategies. The projections of depreciation in the 10-Year Financial Plan is based on the Capital Works Program. It is critical that Council continues to renew existing assets in the capital works program, as failure to do so may reduce the service potential of assets and increase whole of life costs.

The increase of \$2.42 million for 2023-24 is mainly due to the completion of the 2022-23 capital works program. Refer to Section 4.5 'Capital works program' for a more detailed analysis of Council's capital works program for the 2023-24 year.

4.1.10 Amortisation - Intangible assets

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Intangible assets	1,164	1,145	(20)	(1.68%)
Total amortisation - intangible assets	1,164	1,145	(20)	(1.68%)

Amortisation is an accounting measure which attempts to allocate the value of an intangible asset over its useful life for Council's software and information technology.

4.1.11 Amortisation - Right of use assets

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Right of use assets	517	404	(113)	(21.93%)
Total amortisation - right of use assets	517	404	(113)	(21.93%)

4.1.12 Other expenses

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Change	
			\$'000	%
Auditors' remuneration - external	78	88	10	12.82%
Auditors' remuneration - internal	185	277	92	49.79%
Councillors allowances	437	453	16	3.63%
Operating lease rentals	243	89	(153)	(63.11%)
Community grants (incl. in-kind grants)	1,338	1,402	65	4.85%
Community Rental Waivers	1,791	2,216	425	23.72%
Sundry other	544	615	71	13.04%
Total other expenses	4,616	5,140	524	11.36%

Other expenses include administration costs such as Councillor allowances, election costs, sponsorships, partnerships, community grants, lease expenditure, fire services property levy, audit costs and other costs associated with the day to day running of Council. These are projected to increase in line with CPI, as well the estimated program of works for Internal Audit. Community rental waiver expense is offset by income of the same amount.

4.2 Balance Sheet

Budgeted balance sheet - This section analyses the movements in assets, liabilities and equity between 2022-23 and 2023-24.

		Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Variance \$'000
Current assets	4.2.1			
Cash and cash equivalents		69,955	41,063	(28,892)
Trade and other receivables		16,235	16,545	310
Prepayment		663	703	40
Other assets		480	499	19

Net assets		3,395,835	3,414,203	18,366
Equity				
Accumulated surplus	4.3.1	1,178,806	1,197,512	18,706
Reserves	4.3.2	2,217,029	2,216,692	(337)
Total equity	.	3,395,835	3,414,203	18,368

4.2.1 Assets

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less. The decrease in 2022-23 is due to funding of the capital work program in 2023-24 including supporting unfinished works carried over from 2022-23.

Trade and other receivables are monies owed to Council by ratepayers and others for rates, parking fines and service provision fees. These receivables are cyclical in nature and are actively managed.

Other assets include items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services and other revenues due to be received in the next 12 months.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles, equipment, etc. which has been built up by the Council over many years.

The increase in this balance is attributable to the net result of the capital works program (\$85.95 million of gross capital expenditure including deferrals from 2022-23), offset by depreciation of assets (\$26.01 million), and the sale of property, plant and equipment (\$9.74 million).

4.2.2 Liabilities

Trade and other payables are those to whom Council owes money as of 30 June. These liabilities are budgeted to be slightly above 2022-23 levels which aligns to cost escalations.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees. These employee entitlements are only expected to increase marginally due to more active management of balances.

Interest-bearing loans are borrowings by Council repayable in the next twelve months. Council is budgeting to repay loan principal of \$2.64 million during 2023-24.

The increase in liability reflects additional loan borrowings of \$14.5 million to support the 2023-24 capital works program.

Working capital is the excess of current assets above current liabilities. This calculation recognises that although Council has current assets, some of those assets are already committed to the future settlement of liabilities in the following 12 months, and are therefore not available for discretionary spending.

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Variance \$'000
Current assets	87,334	58,812	(28,523)
Current liabilities	53,546	55,969	(2,424)
Working capital	33,788	2,843	(30,947)

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000
Amount borrowed as at 30 June of the prior year	21,500	61,464
Amount proposed to be borrowed	41,500	14,500
Amount projected to be redeemed	(1,536)	(2,636)
Amount of borrowings as at 30 June	61,464	73,328

	Forecast 2022/23 \$'000	2023/24 \$'000	2024/25 \$'000	2025/26 \$'000	2026/27 \$'000	2027/28 \$'000	2028/2 9 \$'000	2029/3 0 \$'000	2030/31 \$'000	2031/32 \$'000	2032/33 \$'000
Opening balance	22,500	62,464	74,328	77,639	76,763	80,106	80,685	72,630	65,293	58,720	52,100

4.2.4 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000
Right-of-use assets		
Plant and equipment	781	453
Total right-of-use assets	781	453
Lease liability		
Current leases liabilities		
Plant and equipment	413	165
Total-current lease liabilities	413	165
Non-current lease liabilities		
Plant and equipment	483	318
Total non-current lease liabilities	483	318
Total lease liabilities	896	483

4.3 Statement of changes in Equity

4.3.1 Accumulated Surplus

Accumulated surplus which is the value of all net assets less reserves that have accumulated over time. During the year an amount of \$0.34 million (net) is budgeted to be transferred to retained earnings from Council's reserves.

This reflects the transfer of open space contributions to reserves and the subsequent usage of investment cash reserves and the Future Fund to partly fund the capital works and digital transformation program.

4.3.2 Reserves

Asset Revaluation Reserve

2023/24 Budget	Balance at beginning of financial year \$'000	Revaluation increment \$'000	Revaluation decrement \$'000	Balance at end of financial year \$'000
Asset Revaluation Reserve	2,165,265	-	-	2,165,265

Other Reserves

2023/24 Budget	Balance at beginning of financial year \$'000	Transfer from accumulated surplus \$'000	Transfer to accumulated surplus \$'000	Balance at end of financial year \$'000
Other Reserves				
- Open Space Reserve	46,514	8,163	(9,500)	45,177
- Future Fund Reserve	5,000	2,500	(1,500)	6,000
- Developer Contribution Plan	-	2,500	(2,500)	-
- Infrastructure - Roads Damaged Reserve	250	-	-	250
Total Other Reserves	51,763	13,163	(13,500)	51,426
Total Reserves	2,217,029	13,163	(13,500)	2,216,692

The Asset revaluation reserve represents the difference between the previously recorded value of assets and their current valuations. The asset revaluation for 2021-22 is factored into the budget roll-over (forecast) each year, due to timing.

An amount of \$13.16 million is budgeted to be transferred from accumulated surplus to the Open Space, Developer Contribution, and the Future Fund reserves in 2023-24; \$13.5 million is to be utilised from the open space reserve to fund property purchases, creation of new open space and the digital transformation program.

Council's reserves have been allocated for specific future purposes by Council and include:

- Open Space Reserve
- Future Fund Reserve
- Developer Contribution Reserve

The Open Space Reserve is used to record open space contributions from developers and utilisation of this reserve is to purchase or develop open space assets.

The Future Fund Reserve is a reserve created to assist Council when making strategic property acquisitions and funds for Council to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability.

Developer Contribution Plans (DCP) reserve is the balance of cash levies paid to Council and is to be used to cover the cost of any infrastructure assets that are to be purchased or constructed by Council. These funds are restricted to prescribed projects.

4.4 Statement of Cashflow

This section analyses the expected cashflows from the operating, investing and financing activities of Council for the 2023-24 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

- Operating activities - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt.
- Investing activities - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property, and equipment.
- Financing activities - Refers to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to/from other organisations. These activities also include repayment of the principal component of loan repayments for the year.

Budgeted cash flow statement

		Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Variance \$'000
Net cash provided by operating activities	4.4.1	46,346	48,698	2,352
Net cash used in investing activities	4.4.2	(104,484)	(86,555)	17,930
Net cash provided by financing activities	4.4.3	37,454	8,965	(28,489)
Net increase/(decrease) in cash and cash equivalents		(20,684)	(28,894)	(8,210)
Cash and cash equivalents at the beginning of the financial year		90,641	69,956	(20,685)
Cash and cash equivalents at the end of the financial year	4.4.4	69,956	41,064	(28,895)

4.4.1 Net cash flows provided by/used in operating activities

The net increase in cash inflows from operating activities of \$2.35 million is mainly due to: \$1.28 million increase in statutory fees and fines; \$3.39 million increase in user fees; \$3.13 million increase in monetary contributions; and \$2.45 million increase in other revenue.

Partially offsetting these cash increase is a \$0.06 million increase in employee costs; \$5.68 million increase in materials and services, \$0.46 million decrease in operating grants, \$0.6 million decrease in capital grants.

4.4.2 Net cash flows provided by/used in investing activities

The decrease in payments for investing activities represents a reduction in capital works expenditure of \$8.08 million compared to 2022-23. Section 4.5 of this budget report provides more detail on the capital works program. It also includes projected proceed from sale of properties at \$9.85 million.

4.4.3 Net cash flows provided by/used in financing activities

For 2023-24, the total of interest-bearing loans and borrowings proceeds is \$14.50 million, repayments \$2.64 million and finance charges \$2.39 million.

4.4.4 Cash and cash equivalents at the end of the financial year

Total cash and investments are forecast to decrease by \$28.90 million to \$41.06 million as at the end of 2023-24, reflecting Council's strategy of using existing cash reserve to enhance and create new infrastructure.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2023/24 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

4.5.1 Summary

	Forecast	Actual	Budget	Change \$'000	%
Property	51,051		32,379	(18,671)	(36.57%)
Plant and equipment	8,614		9,620	1,006	11.68%
Infrastructure	32,307		43,950	11,642	36.04%
Total	91,972		85,949	(6,023)	(6.55%)

	Project Cost \$'000	Asset expenditure types				Summary of Funding Sources			
		New \$'000	Renewal \$'000	Upgrade \$'000	Expansion \$'000	Grants \$'000	Contrib. \$'000	Council cash \$'000	Borrowings \$'000
Property	32,379	14,778	9,315	1,770	6,517	2,000	7,000	19,879	3,500
Plant and equipment	9,620	950	7,269	119	1,282	-	-	9,620	-
Infrastructure	43,950	1,693	11,669	5,682	24,905	4,746	2,500	25,704	11,000
Total	85,949	17,421	28,253	7,571	32,703	6,746	9,500	55,203	14,500

Works carried forward (\$21.83 million)

At the end of each financial year there are projects which are either incomplete or not commenced due to planning issues, extended consultation and/or supplier and materials availability. For the 2022-23 year, forecasted capital works of \$21.74 million will be carried forward into the 2023-24 year.

Significant projects include the Princes Gardens Masterplan Delivery (\$3.07 million); Waste Bin Lid Changeover (\$1.88 million); Toorak Park Redevelopment (\$1.40 million); Chapel Street Transformation (\$1.40 million); Annual Specialised Vehicles Purchase/ Replacement Program (\$1.31 million); Prahran Market Asset Renewal (\$1.18 million) and Prahran Aquatic Centre Feasibility (\$1.00 million).

Total Property (\$26.28 million)

The property class comprises land, land improvements, buildings including community facilities, municipal offices, sports facilities and pavilions and heritage buildings include town halls and aquatic centres.

Significant projects include Percy Treyvaud Masterplan Implementation (\$7.66 million); Strategic land purchases for open space (\$7.00 million); Prahran market asset renewal (\$4.00 million); Prahran Aquatic Centre redevelopment (\$0.70 million), Prahran Townhall Redevelopment (\$0.64 million) and Chapel Off Chapel Theatre Roof Replacement (\$0.50 million).

Total Plant and Equipment (\$4.97 million)

Plant and equipment includes: plant and equipment; plant, machinery and equipment; fixtures, fittings and furniture, computers and telecommunications and library books.

Significant projects include Annual Specialised Vehicle Purchase (\$1.00 million); Annual Light Fleet Replacement Program (\$0.90 million); Materials and E-services subscriptions for Libraries (\$0.65 million); and Security Access control Upgrade-Forcefield system (\$0.47 million).

Total Infrastructure (\$32.87 million)

Infrastructure includes roads, bridges, footpaths, cycle ways, drainage, recreation, leisure and community facilities, parks, open space and streetscape improvements and other infrastructure.

Significant projects include Toorak Park Masterplan Implementation - Stages 2 & 3 (\$9.06 million); Toorak Village Streetscape Upgrade (\$4.50 million); Princes Gardens Masterplan Delivery (\$2.60 million); Chapel Street Transformation (\$1.00 million); Footpaths - Refurbishment Program (\$1.00 million); Asphalt Resurfacing of Local Roads Laneways and Car Parks (\$1.00 million); Regional Accessible Playgrounds - Central Park (\$0.81 million); Regional Accessible Playgrounds - Sir Zelman Cowen (\$0.75 million); Drainage Improvement Works (\$0.60 million) and Charles Street Road Refurbishment (Stage 2) (\$0.60 million).

Expenditure Type: New Assets (\$17.42 million), Asset Renewal (\$28.25 million), Upgrade (\$7.57 million) and Expansion (\$32.7 million)

A distinction is made between expenditure on new assets, asset renewal, upgrade and expansion. Expenditure on asset renewal is expenditure on an existing asset, or on replacing an existing asset that returns the service of the asset to its original capability.

Expenditure on new assets does not have any element of expansion or upgrade of existing assets but will result in an additional burden for future operation, maintenance and capital renewal.

The major projects included in the above categories, which constitute expenditure on new assets mainly relate to Percy Treyvaud Masterplan Implementation (\$7.66 million); Strategic land purchases (\$7.00 million), Vista Grove (\$0.50 million) and Security Access control Upgrade-Forcefield system (\$0.47 million).

5. Financial Performance Indicators

5.1 Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives.

The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

Targeted performance indicators – Service

Indicator	Measure	Notes	Actual 2021/22	Forecast 2022/23	Target 2023/24	Target Projections			Trend +/-
						2024/25	2025/26	2026/27	
Governance									
Satisfaction with community consultation and engagement	Community satisfaction rating out of 100 with the consultation and engagement efforts of Council	1	56	57	57	57	57	58	+
Roads									
Sealed local roads below the intervention level	Number of kms of sealed local roads below the renewal intervention level set by Council / Kms of sealed local roads	2	99.38%	99.69%	99.78%	99.78%	99.78%	99.78%	-
Statutory planning									
Planning applications decided within the relevant required time	Number of planning application decisions made within the relevant required time / Number of decisions made	3	63.72%	66.25%	64.35%	64.35%	65.00%	65.00%	+
Waste management									
Kerbside collection waste diverted from landfill	Weight of recyclables and green organics collected from kerbside bins / Weight of garbage, recyclables and green organics collected from kerbside bins	4	39.52%	36.71%	40.00%	50.00%	65.00%	70.00%	+

Targeted performance indicators - Financial

Indicator	Measure	Notes	Actual 2021/22	Forecast 2022/23	Target 2023/24	Target Projections			Trend +/-
						2024/25	2025/26	2026/27	
Liquidity									
Working Capital	Current assets / current liabilities	5	200.00%	163.00%	105.00%	103.00%	110.00%	127.00%	-
Obligations

Expenditure level	Total expenses / no. of property assessments		\$2,797	\$2,847	\$2,996	\$3,081	\$2,994	\$3,050	-

5.2 Financial Performance Indicators

The following table highlights Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives. The financial performance indicators below are the prescribed financial performance indicators contained in Part 3 of Schedule 3 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators will be reported in Council's Performance Statement included in the Annual Report.

Indicator	Measure	Notes	Actual 2021/22	Forecast 2022/23	Budget 2023/24	2024/25	Projections 2025/26	2026/27	Trend +/o/-
Operating Position									
Adjusted Underlying Result	Adjusted underlying result / Adjusted underlying revenue	8	-1.28%	1.94%	1.04%	1.54%	7.14%	8.10%	+
Liquidity									
Unrestricted cash	Unrestricted cash / current liabilities		-10.03%	76.00%	62.00%	62.00%	71.00%	88.00%	+
Obligations									
Loans and borrowings	Interest bearing loans and borrowings / rate revenue	9	19.10%	46.63%	53.41%	53.60%	50.96%	51.26%	+
Loans and borrowings	Interest and principal repayments on interest bearing loans and borrowings / rate revenue		0.14%	2.48%	3.91%	4.64%	6.73%	6.97%	-
Indebtedness	Non-current liabilities / own source revenue	10	17.12%	35.27%	38.76%	38.05%	34.71%	34.84%	+

Rates effort	Rate revenue / CIV of rateable properties in the municipality		0.12%	0.13%	0.13%	0.14%	0.14%	0.15%	0
Efficiency									
Revenue level	Total rate revenue / no. of property assessments	11	1,506	1,538	1,591	1,640	1,686	1,728	+

Key to Forecast Trend:

- + Forecast improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecast deterioration in Council's financial performance/financial position indicator

Notes to performance indicators

- 1) **Satisfaction with community consultation and engagement:** Anticipating a consistent and minor improvement in result based on implementation of a new digital engagement platform and increase in face-to-face engagement. Result is dependent on response sample from Community Satisfaction Survey.
- 2) **Sealed local roads below the intervention level:** Anticipating consistent high results over future years due to continued road replacement program. This will be confirmed by the results of current condition audit underway. New methodology introduced this year for condition ratings.
- 3) **Planning applications decided within the relevant required time:** Anticipate stability of long-term average and potential minor increase over future years. Results are dependent on complexity of planning applications received.
- 4) **Kerbside collection waste diverted from landfill:** Targets align with Council's Towards a circular economy: Our future waste strategy 2022–2025 target of 80 per cent diversion by 2030. This is consistent with State Government targets
- 5) **Working Capital:** Due to utilising Council existing cash to fund infrastructure investment in the coming years, Council's working capital ratio is targeted to be 105 per cent in 2023-24, which is lower than prior years. However, it is expected to increase from 2026-27 onwards.
- 6) **Asset renewal:** Council investment on asset renewal and upgrade ranges between 146 to 214 percent of annual asset consumption measured by depreciation in the forward estimate. However, there is more focus on new asset construction in 2024-25, with the ratio at 110 per cent (still above 100 per cent).
- 7) **Rates concentration:** Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates a relatively stable level over the outlook period.
- 8) **Adjusted underlying result:** Due to the impact of treatment of Software-as-a-Service investment, Council's adjusted underlying result from 2021-22 through to 2024-25 will negatively impacted, although this investment was fully planned, and cash backed. This ratio is expected to improve after Council finishes the digital transformation program.
- 9) **Loans and Borrowings:** Trend indicates Council's new long-term borrowings to part fund major capital works over the next four years.
- 10) **Indebtedness:** trend indicates Council's new long-term borrowings to part fund major capital works over the next four years. These borrowing ratios will improve overtime as Council pays down its borrowings.
- 11) **Revenue level:** Increases based on assumed rate cap increases over time.

Appendices

The following appendices include voluntary and statutory disclosures of information which provide support for the analysis contained in sections 1 to 5 of this report.

This information has not been included in the main body of the budget report in the interests of clarity and conciseness. Council has decided that whilst the budget report needs to focus on the important elements of the budget and provide appropriate analysis, the detail upon which the annual budget is based should be provided in the interests of open and transparent local government.

Appendix A - Budget processes

This section lists the budget processes to be undertaken in order to adopt the Budget in accordance with the Local Government Act 2020 (the Act) and Local Government (Planning and Reporting) Regulations 2020 (the Regulations).

Under the Act, Council is required to prepare and adopt an annual budget for each financial year. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Regulations which support the Act.

The 2023-24 budget, which is included in this report, is for the year 1 July 2023 to 30 June 2024 and is prepared in accordance with the Act and Regulations. The budget includes financial statements being a budgeted Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flows and Statement of Capital Works. These statements have been prepared for the year ended 30 June 2024 in accordance with the Act and Regulations and are consistent with the annual financial statements which are prepared in accordance with the Australian Accounting Standards. The budget includes Council's interest in the Regional Landfill Clayton South joint venture which is presented in the financial accounts as an associate investment. The budget also includes detailed information about the rates and charges to be levied, the capital works program to be undertaken, the human resources required, and other financial information Council requires in order to make an informed decision about the adoption of the budget.

In advance of preparing the budget, Officers firstly review and update Council's long term financial projections. Financial projections for at least four years are ultimately included in Council's Financial Plan, which is the key long-term financial plan produced by Council on a rolling basis. The preparation of the budget, within this broader context, begins with Officers preparing the operating and capital components of the annual budget during December and January. A draft consolidated budget is then prepared, and various iterations are considered by Council at informal briefings during February to April. A 'proposed' budget is prepared in accordance with the Act and submitted to Council in April/May for approval 'in principle'. Council has then opted to give 'public notice' that it intends to 'adopt' the budget and will give 14 days of its intention to adopt the proposed budget and make the budget available for inspection at its offices and on its website. A person has a right to make a submission on any proposal contained in the budget and any submission will be considered before adoption of the budget by Council.

The final step is for Council to adopt the budget after receiving and considering any submissions from interested parties. The budget is required to be adopted by 30 June each year and a copy submitted to the Minister after adoption. The key dates for the budget process are summarised below:

Budget process	Timing
1. Minister of Local Government announces maximum rate increase	Dec
2. Officers update Council's long term financial projections, prepare operating and capital budgets	Jan/Feb
3. Council to advise ESC if it intends to make a rate variation submission	Jan/Feb
4. Councillors consider draft budgets at informal briefings	Feb-April
5. Proposed budget submitted to Council for approval	Apr
6. Public notice advising intention to adopt budget	May
7. Budget available for public inspection and comment	May
8. Public exhibition process undertaken	May
9. Submissions considered by Council	May/Jun
10. Budget and submissions presented to Council for adoption	Jun
11. Copy of adopted budget submitted to the Minister	Jun

2023/24 Fees and Charges schedule

Fee Description	Fee Type	Unit of Measure	Adopted 2022-23 (Inc GST) \$	Draft 2023-24 (Inc GST) \$	% Change
The fees are applicable from 1 July 2023. Statutory fees may change during the financial year in accordance with updated Victorian Government legislation and regulation. Should these fees and charges be changed by the Victorian Government, the new fees or charges value will be provided on council's website.

	59	X00054	BAU Technology Enablement Program	Purchase of new IT assets and renewal and minor enhancement to existing infrastructure and business systems. This project is necessary to enable Council staff to continue to use modern mobile phones, laptops, PCs and systems introduced to support flexible work practices such as Always-On VPN, and to renew and improve our cyber security capabilities to manage the increasing threats and risks being presented across the sector. Council will for example require another version of our PC software - Windows 11 to be tested and introduced over FY24 to maintain our cyber protections, this new version will require substantial IT infrastructure changes to support its introduction. This budget submission is necessary to provide the capacity and capability required to support the transition of infrastructure and systems from the Digital Transformation Program to the ongoing renewal model. Assumption for the 10 year plan view - SaaS accounting treatment not applied. This will however need to be factored into the plan as the application of this treatment is understood and applied.	2,406	-	2,800		2,800	2,500	2,500	2,500	2,500	2,500	2,500	3,000	3,000	3,000	26,800

Appendix D - Operating Initiatives

Draft 2023/24 Budget

			2023/24		
Bid Number	Bid Name	Scope of Bid	Gross Budget	External Funding	Net Cost to Council '000
P0015	Electoral Representation Review	Law requires Stonnington to be single member wards from October 2024 onwards. To enable this, independent panel established by State Government to conduct the process, but paid by local Councils.	\$55	\$0	\$55
P0018	Local Street Access Review - Feature Surveys	Undertake feature surveys of designated local streets to support future access reviews.	\$50	\$0	\$50
P0007	Flood Mapping	Change flood mapping standard to ARR 2019 and incorporate climate change scenarios	\$250	\$0	\$250
P0004	Part 2 - Drawing Register - CAD Existing Condition Drawings	Using the CAD drawing standards and template established in FY23, this consultancy contract will survey and prepare CAD existing condition drawings for approx another 30 existing facilities. The 30 selected facilities (building and/or open spaces) will be identified from the 10 year capital works program.	\$150	\$0	\$150
P0073	Community Infrastructure Plan	Fixed Term staff members and related consultant fees to support Community Infrastructure Plan	\$341	\$0	\$341
P9308	Major Strategic Projects	Development of Principles and Guidelines for appropriate development. Includes Housing Strategy and Metropolitan Strategy.	\$135	\$0	\$135
P9459	Activity Centre Planning	Structure Plans, urban design analysis and investigations in activity centre areas.	\$115	\$0	\$115
P9261	Environment - Sustainability Education & Behaviour Change (Previously "Environmental Education")	Program of initiatives to engage the Stonnington community and provide environmental education and behaviour change support, including the Environmental Champions program, Sustainable Schools program, citizen science engagement activities, environmental activations, workshops, webinars, and more.	\$80	\$0	\$80
P0001	Implementation of the Place-led Economic Development (PLED) Strategy	To ensure we have sufficient budget for the implementation of actions from the Place-led Economic Strategy and Place Plans-recurring budget for 4 years (2023 - 2027) in line with Strategy duration.	\$393	\$0	\$393
P7012	Christmas Decorations Program	2nd year of a 4 year Christmas decorations campaign, including town halls and retail precincts.	\$380	\$0	\$380
P9967	Environment - Best Practice Waste in MUDSs	Delivery of collaborative Sustainability Victoria funded project - Best Practice Waste in Multi-Unit Dwellings. Total grant income will be \$120k ex GST and total contributions from partner councils will be \$96k across life of project. Total project value \$227k.	\$110	\$109	\$1
P0010	Artworks stocktake and revaluation	Revaluation and stocktake of Council artworks including historical artworks, collection, decorative arts and furniture, fine and modern arts, musical instruments, visual arts	\$30	\$0	\$30
P0069	Art Collection Management and Utilisation	To cover a range of annual management expenses for the existing art collection.	\$30	\$0	\$30
P7006	Prahran Square events	A suite of events to develop Prahran Square into a premier cultural and community site.	\$180	\$0	\$180
P0022	Creative Stonnington Strategy Implementation	Implementation of the Creative Stonnington Strategy.	\$30	\$0	\$30
P0016	Wayfinding Implementation Plan - Second Stage	Wayfinding Implementation Plan second stage development.	\$25	\$0	\$25
P0017	Transport & Parking Data Enablement	Input historical traffic survey and new camera data into GIS and generate Power BI reports.	\$20	\$0	\$20
P0077	Aboriginal & Torres Strait Islander (ATSI) Traineeship Project	Provision of 2 Traineeship opportunities per year for 3 years for Aboriginal and Torres Strait Islanders	\$111	\$5	\$105
			\$2,484	\$114	\$2,370

Appendix E – Property Lease Portfolio, New and Renewing Leases

This appendix presents a listing of proposed community leases that trigger section 115 of the Local Government Act 2020.

Section 115 of the Local Government Act 2020 provides for the following:

115 Lease of land

1. A Council's power to lease any land to any person is limited to leases for a term of 50 years or less.
2. Subject to any other Act, and except where section 116 applies, if a Council leases any land to any person subject to any exceptions, reservations, covenants and conditions, it must comply with this section.
3. A Council must include any proposal to lease land in a financial year in the budget, where the lease is —
 - a) for one year or more and —
 - i. the rent for any period of the lease is \$100,000 or more a year; or
 - ii. the current market rental value of the land is \$100,000 or more a year; or
 - b) for 10 years or more.
4. If a Council proposes to lease land that is subject to subsection (3) and that was not included as a proposal in the budget, the Council must undertake a community engagement process in accordance with the Council's community engagement policy in respect of the proposal before entering into the lease.

Property	Tenant	Lease Term	Permitted Use	Annual Rent (Exc. GST)
27A Winton Road, MALVERN EAST	Optus Mobile P/L	10 years	Telecommunications	\$18,000
580 Orrong Road, ARMADALE	Optus Mobile P/L	10 Years	Telecommunications	\$34,500
3 Chatham Street, PRAHRAN	TBC	10 years	Retail Shop/Office	\$20,000
32 Izett Street, PRAHRAN	TBC	10 years	Retail Shop/Office	\$30,000

Reporting this schedule serves Council's community engagement requirement as per section 115. The final negotiated terms and conditions of any new lease will be reported to Council before execution. These tenancies are commercial by nature and terms and conditions will reflect the market conditions prevailing at the time of execution.

City of Stonnington has a portfolio of licences regulating many community occupancies within council facilities. Section 115 does not relate to licence arrangements. Should any community occupancy seek to move from a licence to lease arrangement in the coming year, a separately public advertising requirement will be pursued before final reporting and execution of lease.
