

# Mount Street, Prahran—Draft Masterplan

## PLANNING PRAHRAN'S MOUNT STREET PRECINCT | HAVE YOUR SAY

Prahran is a vibrant, popular place to live, and over the next decade we expect more people to move into the area. With this in mind we want your help to develop a plan to deliver streets, footpaths, and open spaces that celebrate Prahran's eclectic vibe, and surpass community expectations.

Within Prahran, the Mount Street precinct bounded by Chapel, High, Bangs and King streets, has been identified as an area of significant development.

### HELP COUNCIL PLAN FOR THE CHANGING FACE OF THE MOUNT STREET PRECINCT. TELL US:

1. What do you like about the area now?
2. What you think could be improved?

Your feedback will help develop a draft Mount Street Masterplan, to guide delivery of better open spaces, footpaths and streets, and ensure future development considers the needs of the community.

### HOW TO GIVE FEEDBACK

**Take a survey** | Consultants, Place Score, will be surveying passers-by on Bangs, Cecil, Clifton and Mount streets over the next couple of weeks. Stop and say hi, and share your experience of the area.

**Attend a workshop** | Discuss your ideas at a community workshop | She Bangs Café, 69 Bangs Street | 5 and 7pm Wednesday 28 November.

**Email your insights** | [urbandesign@stonnington.vic.gov.au](mailto:urbandesign@stonnington.vic.gov.au)

At the close of this consultation a draft Mount Street Masterplan will be developed, with further community consultation on the draft expected in late-March 2019.
