Stonnington City Council commits to delivering the DCP projects by 1 July 2040, but may deliver projects earlier. It is likely that projects will be progressively delivered over the DCP period.

Stonnington City Council is both the Collecting Agency and Development Agency for this DCP and all of its projects.

Should Council not proceed with any of the infrastructure projects listed in this DCP, the funds collected for these items will be either:

- Used for the provision of other infrastructure as approved by the Minister responsible for the Planning and Environment Act, or
- Refunded to owners of land subject to these DCP charges.

The above listed contribution amounts are current as at 1 August 2020. They will be adjusted annually on August 1 each year to cover the cost of inflation and fluctuations in the cost of construction. The amount of the adjustment will be in accordance with the Consumer Price Index for Melbourne (All Groups) as published by the Australian Bureau of Statistics in any adjustment period. A list showing the current contribution amounts will be held at Council's Planning Counter.

For land uses not falling within an expressly defined land use term within this Planning Scheme the applicable rate is determined as commercial.

4.0 Land or development excluded from development contributions plan

--/120--
C296ston

No land or development is exempt from this Development Contributions Plan unless exempt by Legislation or Ministerial Direction or Legal Agreement with Stonnington City Council or stated below.

The following development is exempt from a development contribution:

- Land developed for a non-government school;
- Land developed for housing provided by or on behalf of the Department of Health and Human Services. This applies to social housing development delivered by and for registered housing associations. This exemption does not apply to private dwellings provided by or on behalf of the Department of Health and Human Services;
- Land developed for affordable housing, as defined by Section 3AA of the Planning and Environment Act 1987;
- Land which has a section 173 Agreement under the Planning and Environment Act 1987 and/or a Deed of Agreement which:
 - requires the payment of a development contributions levy; or
 - requires the provision of specified works services or facilities beyond those necessary on or to the land or other land as a result of the grant of any permit; or
 - requires the payment of any development contributions or the provision of specified works services or facilities required to be provided public and/or community infrastructure by any other provision of this scheme.
 - requires the provision of land for works services or facilities (other than land required to be provided as public open space pursuant to clause 53.01 or section 18 of the Subdivision Act 1988); or
 - explicitly excludes further development contributions to be made.

For the avoidance of any doubt, the exemption:

- is limited to the extent of any contribution secured by the section 173 Agreement; and
- in respect of Land within the Activity Centre Zone does not apply to any section 173 Agreement that secures the provision of works or contributions to demonstrate that a significant community benefit can be achieved for the purposes of Clause 4.4 of the Schedule to Clause 37.08 of the Planning Scheme.
- Construction of a building or carrying out of works or a subdivision that do not generate a net increase in additional demand units, including:
 - Replacement of a building;
 - Renovations or alterations to an existing building;
 - Construction of a fence;
 - Outbuildings normal to an existing dwelling;
- Dwelling units that are replaced within a development. This exemption does not apply to net additional dwelling units created by the development.

Note:

This schedule sets out a summary of the costs and contributions prescribed in the development contributions plan. Refer to the incorporated development contributions plan for full details.
