on planning challenges and opportunities in Stonnington.

## Trees

The future health and liveability of our municipality is closely linked to our use of open space and prevalence of canopy trees across Stonnington. Through our Planning Scheme we're addressing topics such as retention of existing and established on-site and on-street vegetation, incentivising private planting, vertical gardens, how to ensure more green space in development and reducing building footprints.

For more information and to tell us what we're doing well and let us know how we can improve visit **[connectstonnington.vic.gov.au/planning](https://connectstonnington.vic.gov.au/planning)**
